**EPRINEX**  
**CONVCN012**

Eprinex is an eprinomectin based pour on for the control of roundworms, lungworms and external parasites in cattle, sheep and goats. Available in 1, 2.2 and 5L with a zero milk withdrawal.

**EPRIZERO**  
**CONVCN013**

Eprizero pour on is for the control of internal and external parasites of beef and dairy cattle. Available in 1, 2.5 and 5L with a zero milk withdrawal.

**BIMECTIN PLUS**  
**CONVCN021**

Bimectin Plus injection is ivermectin and clorsulan based and is used for the treatment and control of roundworms, lungworms, adult liver fluke, eyeworms, warbles, mites and lice. Available in 250 & 500ml.

**ANIMEC SUPER**  
**CONVCN022**

Animec Super injection is ivermectin and clorsulan based and is used for the treatment and control of roundworms, lungworms, adult liver fluke, eyeworms, warbles, mites and lice. Available in 50, 250 & 500ml.

**TOPIMEC SUPER**  
**CONVCN023**

Topimec Super injection is ivermectin and clorsulan based and is used for the treatment and control of roundworms, lungworms, adult liver fluke, eyeworms, warbles, mites and lice. Available in 250 & 500ml.

**BIMEPRINE POUR-ON**  
**CONVCN014**

Bimeprine pour on is for the control of internal and external parasites of beef and dairy cattle. Available in 1, 2.5 and 5L with a zero milk withdrawal.

**DECTOMAX INJECTION**  
**CONVCN015**

Dectomax is a doramectin based injection for cattle and sheep for the treatment of roundworms, lungworms, eye-worms, warbles, lice and mange mites. Available in 50ml, 200ml and 500ml.

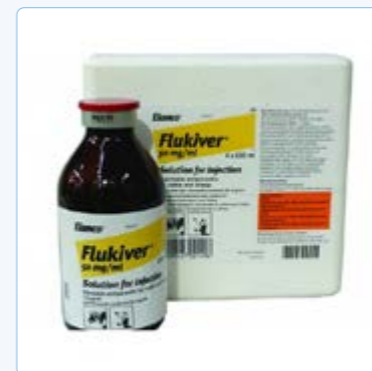

**IVOMEC CLASSIC INJECTION**  
**CONVCN016**

Ivomec Classic is an ivermectin based injection for the treatment of roundworms, lungworms and external parasites and cattle and sheep. Available in 200ml and 500ml.

**EPRECIS INJECTION**  
**CONVCN024**

Eprecis is an eprinomectin based injection used for the treatment of roundworms, lungworms, warbles, mites and lice in beef and dairy cattle. Available in herd packs with zero milk withdrawal.

**FLUKIVER INJECTION**  
**CONVCN026**

Flukiver is a closantel based injection used for the treatment of liver fluke in cattle. Available in 250ml.

**CYDECTIN LA**  
**CONVCN027**

Cydectin LA is a single dose long acting moxidectin based injection used for the treatment of external and internal parasites in cattle. Available in 50ml.

**FENBEN 10**  
**CONVCN028**

Fenben 10 is a fenbendazole based oral suspension for cattle used for the treatment and control roundworms and lungworms. Available in 1, 2.5 and 5L.

**BOVEX**  
**CONVCN049**

Bovex is a ivermectin based oral suspension used for the control of roundworms and lungworms in cattle. Available in 1 and 2.5L, 5 and 10L.

**WORMALL**  
**CONVCN030**

Wormall is an oxfendazole oral suspension used for the control roundworms and lungworms in cattle. Available in 1 and 2.5L, 5 and 10L.

**LEVAFAS DIAMOND**  
**CONVCN037**

Levafas Diamond is a Levamisole hydrochloride based oral suspension used for the control of roundworms, lungworms and adult liver fluke in cattle and sheep. Available in 1, 2.5 and 4L.

**ENDOFLUKE**  
**CONVCN038**

Endofluke is a Triclabendazole based Oral Suspension used for the treatment of the three stages of liver fluke in cattle and sheep. Available in 2.5 and 5L.

**TRIBEX**  
**CONVCN039**

Tribex is a Triclabendazole based Oral Suspension used for the treatment of the three stages of liver fluke in cattle and sheep. Available in 800ml and 5L.

**CHANAVERM PLUS**  
**CONVCN032**

Chanaverm Plus is a levamisole based oral suspension for the control of roundworms and lungworms in sheep. Available in 10L.

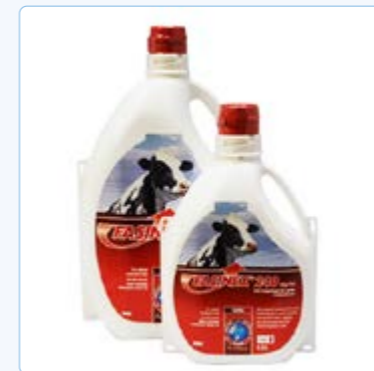

**TRIAZOLE**  
**CONVCN050**

Contains Rafoxanide and Levamisole for the control of mature and immature fluke, lungworm and stomach worms in both cattle and sheep. Available in 2.5L & 5L.

**ALBEX 10%**  
**CONVCN033**

Albex 10% is an albendazole based oral suspension used for the control of roundworms, lungworms, tapeworms and adult liver fluke in cattle and sheep. Available in 1 and 5L.

**FASINEX 240**  
**CONVCN040**

Fasinex 240 is a Triclabendazole based Oral Suspension used for the treatment of the three stages of liver fluke in cattle and sheep. Available in 2.2 and 5L.

**ZANIL**  
**CONVCN041**

Zanil is an oxyclozanide based oral solution for the treatment and control of liver fluke and Tapeworms in cattle and sheep. Available in 5L.

**RUMENIL**  
**CONVCN042**

Rumenil is an oxyclozanide based oral solution for the treatment and control of liver fluke and Tapeworms in cattle and sheep. Available in 5L.

**ENDOSPEC**  
**CONVCN034**

Endospec is an albendazole based oral suspension used for the control of roundworms, lungworms, tapeworms and adult liver fluke in cattle and sheep. Available in 1 2.5 and 5L.

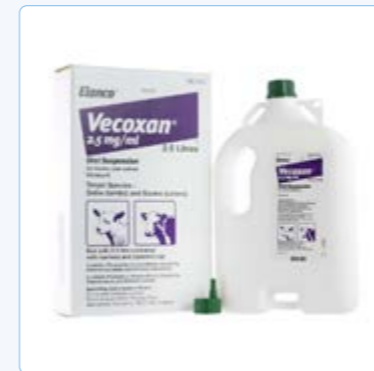

**Albencare**  
**CONVCN035**

Albencare is an albendazole based oral suspension used for the control of roundworms, lungworms, tapeworms and adult liver fluke in cattle and sheep. Available in 1, 2.5 and 5L.

**TRAMAZOLE**  
**CONVCN036**

Tramazole 10% is an albendazole based oral suspension used for the control of roundworms, lungworms, tapeworms and adult liver fluke in cattle and sheep. Available in 1 and 5L.

**VECOXAN**  
**CONVCN043**

Vecoxan is a white oral suspension used to prevent scours caused by coccidiosis in lambs and calves. Available in 1, 2.5 and 5L.

**DYCOXAN**  
**CONVCN044**

Dycoxon is a white Oral Suspension for lambs and calves has been created to prevent scours caused by coccidiosis.

**CHANOX**  
**CONVCN045**

Chanox is a Toltrazuril based oral suspension used in the treatment and prevention of coccidiosis in lambs and calves. Available in 250ml and 1L.

**BOVICOX**  
CONVCN046

Bovicox is a Toltrazuril based oral suspension used in the prevention and cure of coccidiosis in lambs and calves. Available in 1L.

Ecto Parasites

CONVSC001—  
CONVSC011

**CLIK XTRA**  
CONVSC001

Clik Extra Pour-On prevents against blowfly strike in sheep and lambs. It will prevent blowfly strike for up to 19 weeks. Available in 2.2 or 5L.

**SPOT ON**  
CONVSC008

Spot on is a deltamethrin based insecticide used for the treatment and control of flies and lice on cattle and ticks, keds, lice and blowfly on sheep. Available in 250ml, 500ml, 1L and 5L.

**DECTOSPOT**  
CONVSC009

Dectospot is a deltamethrin based ready to use pour on in the treatment and control of sucking lice, biting lice, keds and flies on sheep and cattle. Available in 250ml, 500ml, 1L and 2.5L.

**SPOTINOR**  
CONVSC010

Spotinor is a deltamethrin based insecticide used for the treatment and control of flies and lice on cattle and ticks, keds, lice and blowfly on sheep. Available in 250ml, 500ml, 1L and 2.5L.

**BUTOX**  
CONVSC011

Butox is a deltamethrin based ready to use pour on in the treatment and control of sucking lice, biting lice, keds and flies on sheep and cattle. Available in 250ml, 1L and 2.5L.

**SHEEP**  
Vaccines

CONVSV001—  
CONVSV004

**COVEXIN 10**  
CONVSV001

Covexin 10 is a 10 in 1 clostridial vaccine for both cattle and sheep.

**IVERPRAZ**  
CONVEQ003

For the treatment of mixed cestode and nematode or arthropod infestations, due to adult and immature roundworms, lungworms, bots and tapeworms in horses.

**NOROMECTIN TUBE**  
CONVEQ004

Noromectin is an ivermectin based horse wormer for the treatment and control of important internal parasites, including roundworms, lungworms and bots.

**BIMECTIN HORSE ORAL PASTE**  
CONVEQ005

Bimectin Horse Oral paste is an ivermectin based option for the treatment of internal parasites including roundworms, lungworms and bots.

**COVEXIN 8**  
CONVSV002

Covexin 8 is an 8 in 1 clostridial vaccine for both cattle and sheep.

**TRIBOVAX T**  
CONVSV003

Tribovax T protects against a number of clostridial diseases including black leg. Available in 20ml and 50ml.

**HEPTAVAC P**  
CONVSV004

Heptavac P is an injectable immunisation which reduces mortality in sheep and is used in the control clostridial diseases in sheep. Available in 50, 100, 250 and 500ml.

**ANIMEC**  
CONVEQ006

Animec Horse wormer is an ivermectin based oral paste that treats a range of internal parasites, including small and large redworms, lungworms, pinworms and bots in horses.

### Powder Minerals

CONNCP001—  
CONNCP017

### CONROY SUPREME PRE-CALVER 20KG CONNCP016

Complementary Mineral Feeding stuff for dry cows before calving. Including Iodex, multiple sources of Copper, high magnesium, high phosphorus and protected zinc.

### PRE-CALVER CODE 29 CONNCP001

Pre-Calver Code 29 is a high spec mineral based pre-calver. Suitable as a feed additive and for dusting on silage in the winter period. Available in 25kg bags.

### PRE-CALVER CODE 4211 CONNCP002

Pre-Calver Code 4211 is a high spec, high phos based pre-calver mineral. Suitable as a feed additive and for dusting on silage in the winter period. Available in 25kg bags.

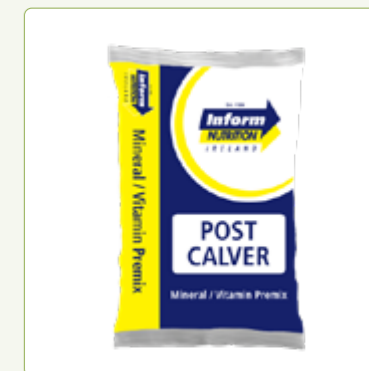

### PRE-CALVER 1270 CONNCP003

Pre-Calver Code 1270 is a high spec, high magnesium based pre-calver mineral. Suitable as a feed additive and for dusting on silage in the winter period. Available in 25kg bags.

### PRE-CALVER CODE 1282 CONNCP004

Pre-Calver code 1282 is a high spec pre-calver mineral with transition mineral included. Suitable as a feed additive and for dusting on silage in the winter period. Available in 25kg bags.

### POST-CALVER CODE 32 CONNCP005

Post Calver Code 32 is a High Phos post calver mineral focused on fertility. Available in 25kg bags.

### POST-CALVER CODE 02 CONNCP006

Post Calver code 02 is a High Phos post calver mineral focused on fertility. Available in 25kg bags.

### MAIZE BEEF CODE 40 CONNCP007

Maize-Beef Code 40 is a High Phos mineral suitable for feeding with forage crops. Available in 25kg bags.

### BEEF CODE 2123 CONNCP008

Beef Code 2123 is a Hi Spec mineral suitable for Dry stock. Available in 25kg bags.

**BEEF & BUFFER CODE 23**  
**CONNCP009**

Beef and Buffer code 23 is a Hi Spec mineral with an added buffer suitable for dry stock and finishing cattle. Available in 25kg bags.

**RUMEN ROCKET 20KG**  
**CONNCP017**

A complex and potent prebiotic feed additive specifically formulated for dairy cows which vigorously enhances rumen performance.

**RUMBUFF CODE 5004**  
**CONNCP010**

RUMBUFF is a breakthrough in the search for an ideal buffering agent. It has many properties, which make it the only and obvious choice for inclusion in feeds where a buffering agent is desirable.

**TURBO-LIX BREED PLUS**  
**CONNCS002**

Turbo-Lix Breed Plus is a 15% Magnesium based bucket with a high spec of minerals. This is formulated to aid and prevent grass tetany. Available in an 18kg bucket.

**TURBO-LIX THRIVE**  
**CONNCS003**

Turbo-Lix Thrive Cattle is a high spec mineral bucket suitable for cattle of all ages. An 18kg bucket which includes the highest level of copper available.

**EASI-MAG**  
**CONNCS004**

Easi-Mag lick bucket contains magnesium in a palatable form to ensure intakes for cows and ewes in an 18kg bucket.

**TRANSITION COW CODE 80**  
**CONNCP011**

Transition Cow Code 80 is an optional feed transition mineral to feed 2 weeks pre-calving alongside pre-calver mineral. Available in 25kg bags.

**MAG PHOS**  
**CONNCP012**

Mag Phos is a Hi Mag, Hi Phos additive. Available in 18kg bucket.

**SWEET CAL MAG CODE 0014**  
**CONNCP013**

Sweet Cal Mag Code 0014 is a high calcium, high magnesium 25kg mineral bag.

**RUMINANT MINERAL BLOCK**  
**CONNCS005**

Pure Mineral Block. Pre & Post Calver. Containing all the major and minor Mineral and Trace Element Nutrients essential for Cattle Pre and Post Calving. High Phosphorous (5%).

**NUTRIBIO SALT BLOCK**  
**CONNCS006**

The Nutribio salt lick block is the perfect addition to your farm to ensure cattle are getting the required salt and minerals they need to stay healthy.

**GARLIC LICK BUCKET**  
**CONNCS007**

Garlic Lick Bucket is an effective way to create a repellent against flies and biting insects. Available in an 18kg bucket.

**MAG PAK CODE 9170**  
**CONNCP015**

Mag Pak Code 9170 is a soluble powder magnesium for home mixing through drinking water to support grass tetany prevention and fertility. Available in 25kg bag.

NUTRITION

**CATTLE**

**Mineral Supplements**

CONNCS001—  
CONNCS026

**TURBO-LIX IMMUNE BUCKET**  
**CONNCS001**

Turbo-Lix Immune is a High-Spec 18kg pre-calver bucket lick with chelated minerals, high levels of copper, magnesium, iodine and seaweed included.

**LIQUITRACE MINERAL**  
**CONNCS008**

Complementary liquid mineral feedingstuff for lactating cows & cattle for the long term supply of trace elements.

**COSEICURE BOLUS**  
**CONNCS009**

Coselcure Cattle is a unique, soluble glass trace element bolus for cattle, which delivers rumen-available ionic copper, ionic cobalt, iodine and selenium to the animal at a controlled and constant rate for up to six months.

**ALL SURE BOLUS**  
**CONNCS010**

The All Sure Cattle Bolus is an application of two ruminal boluses for cattle, providing slow release supplementation of copper, iodine, selenium and cobalt where dietary intake may be low.

### ALL TRACE HI IODINE BOLUS CONNCS011

All Trace High Iodine Boluses are a mineral supplement for grazing or forage fed cattle that supplies a constant supply of minerals and vitamins over a 180 day period.

### MASTERVET BOLUS CONNCS012

Mastervet boluses are designed to help replenish necessary trace minerals that may be lacking in times of increased demand. Mastervet High Trace Bolus can help to prevent problems with health and fertility.

### COYLES COPPER BOLUS CONNCS013

Coyle's Copper SR is for the supplementation of copper in cows and cattle where copper deficiency is an issue. They are low releasing ensuring copper is delivered over a prolonged period up to six months.

### TOPICAL IODINE CONNCS019

Topical Iodine is a pour on Iodine that is designed to be absorbed through the skin rather than rely on the cow licking it off.

### FORADYNE CONNCS020

For Iodine deficiency in cattle and sheep.

### TURBO THRIVE CATTLE DRENCH CONNCS021

Turbo Thrive Cattle contains chelated minerals, zinc, copper, manganese, iron, vitamins antioxidants and trace elements which are essential for improved fertility. Available in 1, 2.5 and 5L.

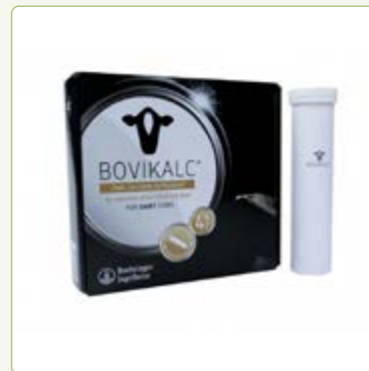

### COPPER GUARD BOLUS CONNCS014

Copper Guard is a long acting, slow releasing nutritional supplement of copper with added selenium in a bolus. Lasts up to 6 months.

### OPTIMAG BOLUS CONNCS015

Optimag Bolus is indicated for use as an aid in the maintenance of magnesium intake in adult cattle during high risk periods associated with the grazing of rapidly growing grass.

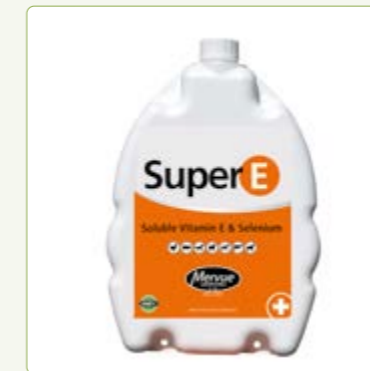

### BOVIKALC BOLUS CONNCS016

Bovikalc Calcium Bolus is an essential source of calcium used for the treatment and control of milk fever in cattle. fevor straight after calving and a second bolus given 12 hours later.

### TURBO VITALITY CONNCS022

Turbo Vitality mineral drench is a complementary dietetic feed for all round performance plus contains high levels of cobalt. Suitable for Cattle and Sheep. Available in 2.5L.

### SUPER E CONNCS023

Super E is formulated to support the management of white muscle disease, nutritional maintenance and the immune system of animals under stress or lacking vitamin E.

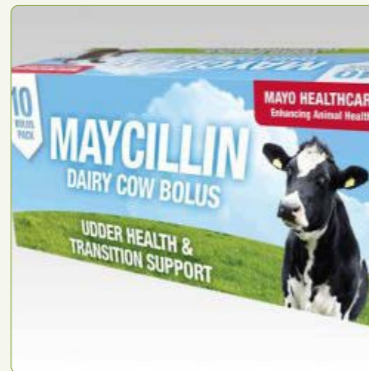

### COPPER INJECTION CONNCS025

B.V.P Copper injection is used for the treatment of copper deficiency in cattle and sheep. It is to be administered by deep intramuscular injection only into the neck area, using aseptic technique.

### CAP CALCIUM BOLUS CONNCS026

Cap Calcium is a nutritional bolus containing calcium, phosphorus, magnesium and Vitamin D3, which is intended to be used to reduce the risk of milk fever in dairy cows.

### MAYCILLIN BOLUS CONNCS017

The Maycillin Dairy cow bolus is a quick acting udder health bolus. To be used as an aid in supporting dairy cows natural immune system.

### AQUADYNE TABLETS CONNCS018

Aquadyne tablets are a slow release iodine supplement for cows and cattle to be administered through the animals drinking water.

CALVES

Feed Supplements

CONNCF001—>  
CONNCF006

### TRANSFORMULA CONNCF001

Transformula Milk Replacer for baby Calves. Available in 20kg bags.

### TWICE A DAY CONNCF002

Twice a Day is a skim based milk replacer designed for twice a day feeding for calves. Available in a 20kg bag.

**ONCE A DAY**  
**CONNCF003**

Once a Day Milk replacer is a skim based milk replacer designed for once a day feeding. Available in a 20kg bag.

**SWEET COMPLETE**  
**CONNCF004**

Sweet Complete is a whey milk replacer predominantly deriving from milk proteins for use in twice daily feeding or through an automatic feeder. Available in a 20kg bag.

**COMPUMATE**  
**CONNCF005**

Compumate is the only milk replacer powder designed for computerised fed calves. Available in 20kg bags.

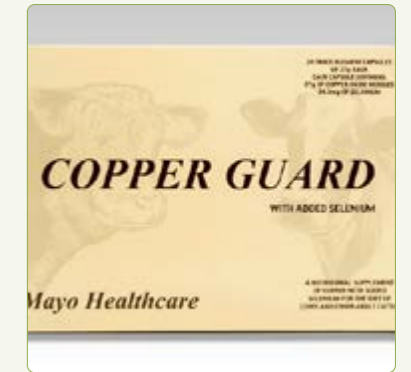

**ALL SURE CALF BOLUS**  
**CONNCM006**

Allsure Calf is a slow release trace element bolus ideally suited to bridge the energy gap of dairy heifer calves at weaning, lasting up to 6 months.

**COYLES COPPER BOLUS**  
**CONNCM007**

Coyle's Copper SR is for the supplementation of copper in cattle and calves where copper deficiency is an issue. They are low releasing ensuring copper is delivered over a prolonged period up to six months.

**COPPER GUARD BOLUS**  
**CONNCM008**

Copper Guard (24) is a long acting and highly concentrated nutritional supplement of copper with added selenium for the diet of cows, calves and adult cattle.

**TURBO COLUSTRUM**  
**CONNCF006**

High levels of natural sources of Beta-Carotene supporting antioxidant activity. Available in 250g, 450g, 900g & 2.25kg.

CALVES

Calf Health

CONNCH001—  
CONNCH016

**TURBO IMMUNE TUBE**  
**CONNCH001**

Multi-functional supplement to support the emerging immune system in the newly born calf.

**MILKSHAKE**  
**CONNCH002**

Milkshake contains nutrients to support growth and health for calves fed whole-milk or milk-replacer.

**TURBO VITALITY**  
**CONNCM002**

Turbo Vitality mineral drench is a complementary dietetic feed for all round performance plus contains high levels of cobalt. Suitable for Cattle and Sheep. Available in 2.5L.

**CALF BOOSTER**  
**CONNCM003**

Calf Booster is formulated specifically for older calves & weanlings supporting growth rates, appetite and natural management of immunity and gut health.

**SUPER E**  
**CONNCM005**

Super E is formulated to support the management of white muscle disease, nutritional maintenance and the immune system of animals under stress or lacking vitamin E.

**MILK GUARD PLUS**  
**CONNCH003**

A nutrition based health product that naturally supports your calves' gut health, immunity and growth.

**ALPHA CALF MAX**  
**CONNCH005**

Alpha Calf Max is a blend of natural plants extracts scientifically chosen to give optimum gut health in all calves.

**TURBO HYDRATE SACHET & TUBE**  
**CONNCH008**

Complete electrolyte and rehydration. Comes in both powder and gel formats.

**START AID SACHET**  
**CONNCH009**

Start Aid is a triple action electrolyte formulated to support the stabilisation of water and electrolyte balance in calves.

**REZULT OPTI-LYTE**  
**CONNCH010**

ReZult Opti-Lyte is a concentrated oral solution used to reverse the effects of dehydration in calves, lambs, kids, foals and piglets.

**REPLENOLYTE**  
**CONNCH011**

Replenolyte has been designed to reverse the process of dehydration and electrolyte loss in calves.

**EFFYDRAL TABLETS**  
**CONNCH012**

Effydral Tablets corrects dehydration, electrolyte loss and metabolic acidosis, particularly when these disturbances arise as a consequence of diarrhoea.

**LIQUID PARAFFIN**  
**CONNCH013**

Liquid Paraffin is most commonly used as a laxative for animals that are suffering from constipation.

**RESPIRON POWDER**  
**CONNCH014**

RespiRon is a natural support to maintaining a healthy respiratory system in calves and young cattle at housing & Weaning.

**RESPIRON BLOCK**  
**CONNCH015**

RespiRon Block supports the prevention of respiratory problems with an appetite stimulant added to encourage feed intake.

**RUMBUFF**  
**CONNCH016**

RUMBUFF is a breakthrough in the search for an ideal buffering agent. It has many properties, which make it the only and obvious choice for inclusion in feeds where a buffering agent is desirable.

## HOOF CARE

CONLHC001—  
CONLHC012

### INTRA HOOF CLEAN & CONTROL CONLHC001

Intra Hoof-Fit Clean and Control is part of the Hoof-fit line that boasts the ONLY Antibiotic free treatment for Digital Dermatitis.

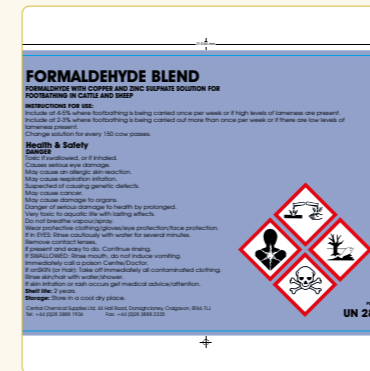

### INTRA HOOF BATH CONLHC002

Designed for use in a footbath contains conditioning ingredients necessary to keep the claws of dairy cattle in optimal condition.

### INTRA HOOF FIT LIQUID SPRAY CONLHC003

Intra Hoof-Fit Spray is part of the Hoof-fit line that boasts the ONLY Antibiotic free treatment for Digital Dermatitis. Intra Hoof-Fit Spray is highly effective at treating claw ailments.

### FORMALDEHYDE BLEND CONLHC004

Formaldehyde Blend is a footbath disinfectant and hoof conditioner, it has a unique liquid 3in1 blend of formaldehyde with copper and zins sulphate. Available in 25, 205 and 1000L.

### FORMALDEHYDE SOLUTION CONLHC005

Traditional solution used in a footbath for the control of foot rot and other hoof conditions.

### ZINC SULPHATE CONLHC006

Zinc Sulpahte is most commonly used as a foot bath solution for cows and sheep.

### COPPER SULPHATE CONLHC007

Promote healthy hooves and protect against digital dermatitis.

### INTRA HOOF FIT GEL & TAPE CONLHC008

### REPIDERMA SPRAY CONLHC009

Repiderma Spray is highly effective against digital dermatitis, foot rot & other claw ailments, in addition to its use on hooves it can also be used as a skin treatment and is extremely efficient at healing torn udders.

**WALKEASE**  
**CONLHC010**

An early intervention hoof block repair solution for cattle where the hoof needs to be elevated for a short period of time.

**HOOF SHOES**  
**CONLHC011**

Timber shoes suitable application for hoof treatment.

**HOOF SHOE GLUE & APPLICATOR**  
**CONLHC012**

**SORGENE XTRA**  
**CONLDS006**

Sorgene Xtra Broad Spectrum Disinfectant 5ltr is a tried and tested broad-spectrum disinfectant.

**STALOSAN F**  
**CONLDS007**

A blend of calcium carbonate and hydrated lime.

**HY CAL LIME**  
**CONLDS008**

A blend of calcium carbonate and hydrated lime.

LIQUIDS, DETERGENTS,  
DAIRY HYGIENE

**DISINFECTANTS**

CONLDS001—  
CONLDS011

**FAM 30**  
**CONLDS001**

FAM 30 is a Multi-purpose Iodophor Disinfectant.

**HYPEROX**  
**CONLDS002**

Hyperox Disinfectant 5L stabilised formulation provides greater application flexibility and broad spectrum activity with efficacy against viruses, bacteria, fungi and spores at low temperatures and in the face of organic challenge.

**AGRI CAL LIME**  
**CONLDS009**

Premium super fine (80 micron) cubicle lime for the control of odour and maintenance of sanitary conditions in livestock buildings.

**SURGICAL SPIRITS**  
**CONLDS010**

Concentrated disinfectant for use on cleaning animal handling equipment.

**METHYLATED SPIRITS**  
**CONLDS011**

Concentrated disinfectant for use on cleaning animal handling equipment.

**VIRKON S**  
**CONLDS003**

Virkon S is a disinfectant with wide virucidal, bactericidal and fungicidal activity spectrum.

**KENOCOX**  
**CONLDS004**

Kenocox Disinfectant is a broad spectrum disinfectant that is highly effective against endoparasites, such as cryptosporidium, parvum and coccidiosis, and bacterial infections.

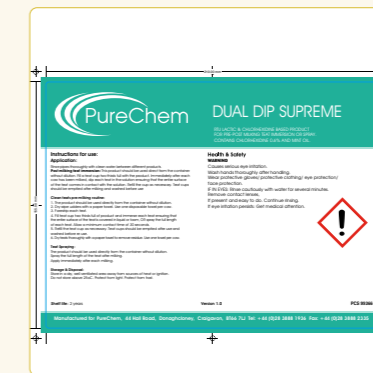

**KILCOX EXTRA**  
**CONLDS005**

Kilcox Extra Disinfectant is a Department of Agriculture approved disinfectant that can be used by spraying, foaming, thermal fogging or for use in footbaths.

**DUAL DIP SUPREME**  
**CONLDH001**

Suitable for pre and post spraying/dipping. Eucalyptus oil is also included for test conditioning and to help repel flies. Available in 25, 205 & 1000L.

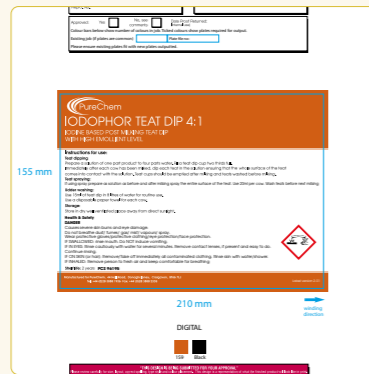

**DERMALAC**  
**CONLDH002**

Dermalac is a ready to use lactic and salicylic acid based spray, dip or foam for pre and post milking hygiene. Available in 25, 205 & 1000L.

**DUAL DIP  
CHLOROHEXIDINE  
CONLDH004**

Dual Dip Chlorohexidine is a lactic based teat dip available in a ready to use format. Suitable as both a pre and post dip. Available in 25, 205 and 1000L.

**IODOPHOR 4:1 TEAT DIP  
CONLDH005**

A ready-to-use dip or spray for routine use after milking as a teat skin conditioning aid. Available in 25L.

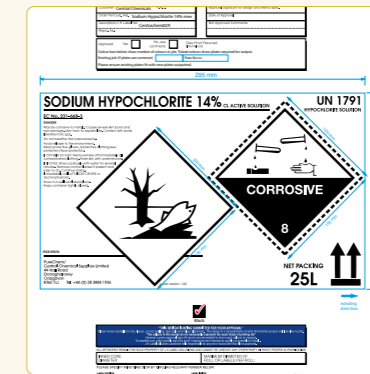

**KOLDKLEEN  
CONLDH006**

Milking plant hot/cold wash, detergent steriliser. Suitable in hard and soft water areas. 20kg Bucket.

**DUO ACID  
CONLDH014**

Duo Acid is 3in1 descaler, disinfectant and detergent very suitable for non-chlorine cleaning. Available in 25, 205 and 1000L.

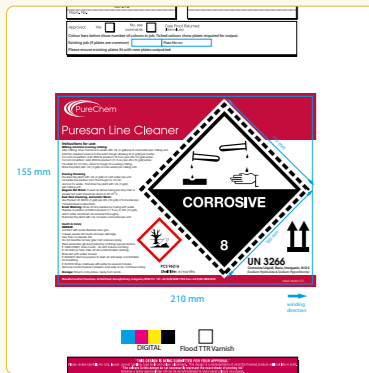

**SODIUM HYPOCHLORITE 14%  
CONLDH015**

Sodium hypochlorite is widely used for its disinfecting, oxidising and bleaching properties.

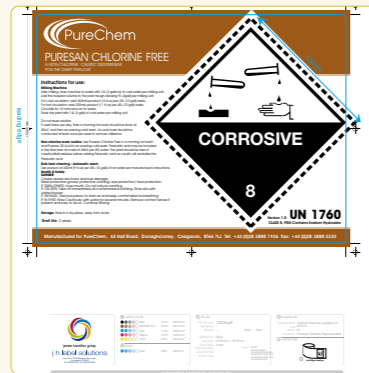

**MILKING MACHINE OIL  
CONLDH016**

High grade milking machine oils developed for use in milking machine vacuum pumps. These oils are also fantastic for use as a general lubricant for various types of farming machinery in the agricultural sector too.

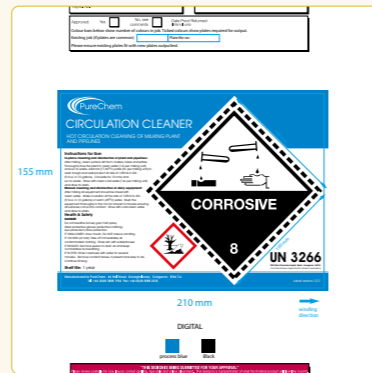

**PURESAN LINE CLEANER  
CONLDH007**

Line Cleaner is suitable for the in-place cleaning of all types of milking equipment by re-circulation. Available in 25, 205 & 1000L.

**PURESAN CHLORINE FREE  
CONLDH008**

A non-chlorine concentrated liquid detergent. Used for cleaning all types of milking equipment by re-circulation. Also suitable for bulk tanks. Available in 25, 205 & 1000L.

**CIRCULATION CLEANER  
CONLDH009**

Circulation Cleaner is a non-foaming sanitiser and cleaner for pipelines and milking plant. Available in 25 and 205L.

**BARREL PUMP  
CONLDH017**

200 Litre heavy duty barrel pump.

**MULTI ACID DESCALER  
CONLDH010**

Multi-Acid Descaler is a phosphoric and nitric based very effective descaler. Available in 25 and 205L.

**PERACETIC ACID  
CONLDH012**

Peracetic acid is a disinfectant used for CIP and fogging use. Available in 25 and 205 and 1000L.

**PURESAN 3D ACID  
CONLDH013**

Puresan 3D Acid is a 3in1 descaler, disinfectant and detergent. Available in 25, 205 and 1000L.

CONECH001—  
CONECH071

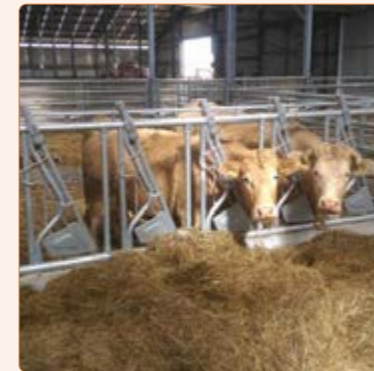

**DIAGONAL FEED BARRIER**  
**CONECH001**  
Fixed feeding barrier.

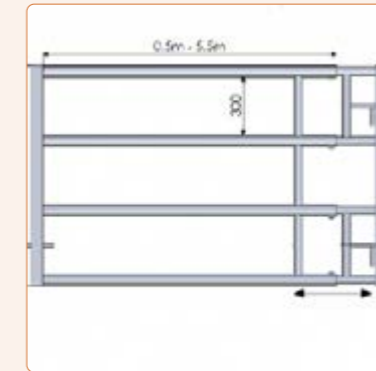

**DIAGONAL BOX END BARRIER (SWINGING)**  
**CONECH002**  
Swinging barrier.

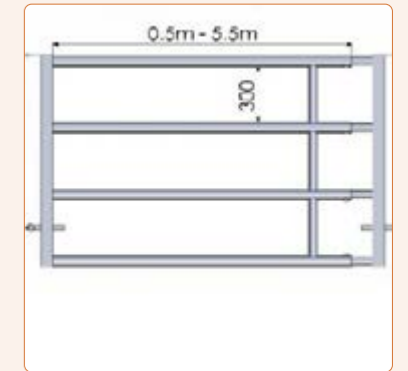

**DIAGONAL TIMBER GATE BARRIER** **CONECH003**  
Timber Gate Barrier, swinging.

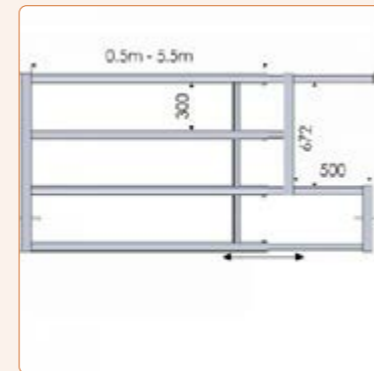

**AGRITUBEL HEADLOCK BARRIER**  
**CONECH004**  
Agritubel Headlock Barrier available in 1 to 9 spaces.

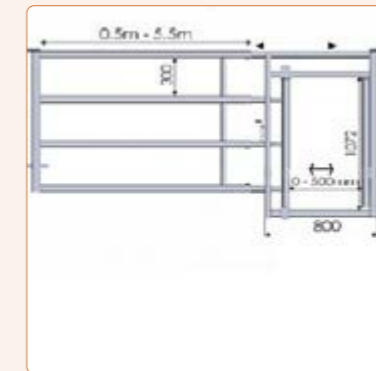

**4 BAR LATCH EXTENDABLE GATE**  
**CONECH005**  
All Gates are adjustable in length ranging from 5ft to 22ft.

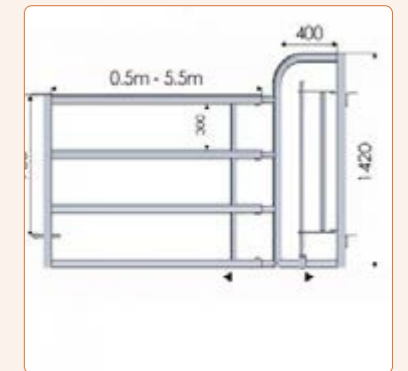

**4 BAR PANEL EXTENDABLE GATE**  
**CONECH006**  
All Gates are adjustable in length ranging from 5ft to 22ft.

**4 BAR DRINKER GATE**  
**CONECH007**  
Specially made drinker gate.

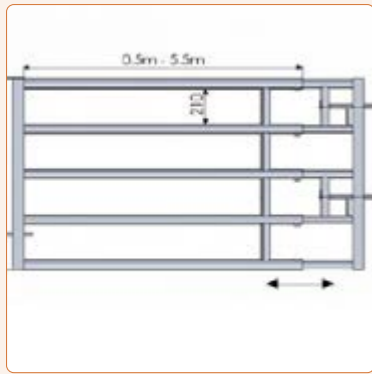

**4 BAR CREEP GATE**  
**CONECH008**  
Specially made creep gate.

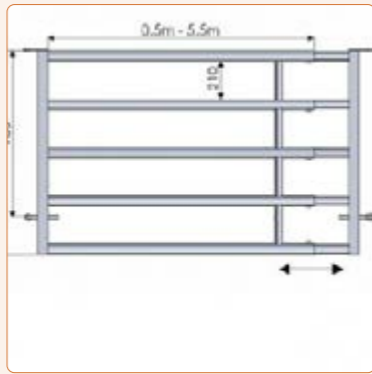

**4 BAR MAN ESCAPE GATE**  
**CONECH009**  
Specially made man escape gate.

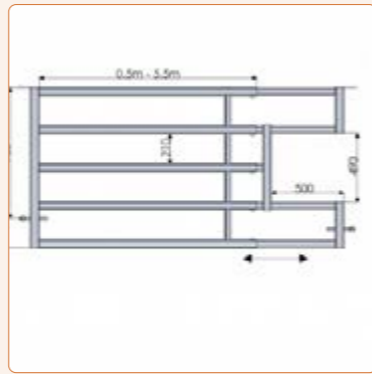

**5 BAR LATCH  
EXTENDABLE GATE  
CONECH010**

All Gates are adjustable in length ranging from 5ft to 22ft.

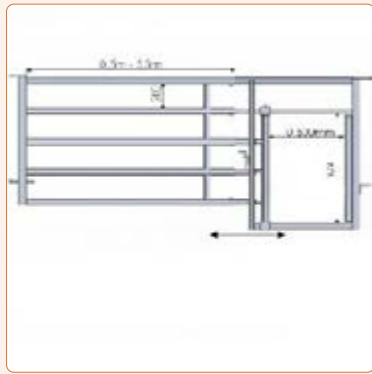

**5 BAR PANEL  
EXTENDABLE GATE  
CONECH011**

All Gates are adjustable in length ranging from 5ft to 22ft.

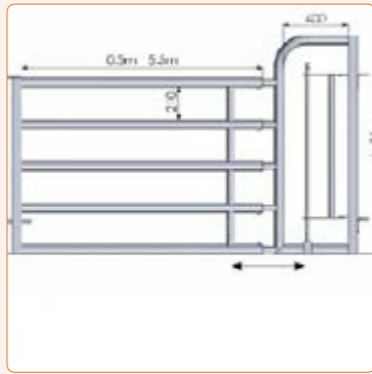

**5 BAR DRINKER GATE  
CONECH012**

Specially made drinker gate.

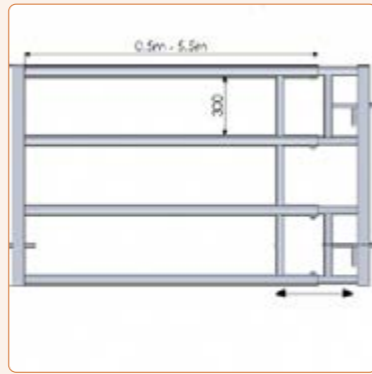

**5 BAR CREEP GATE  
CONECH013**

Specially made creep Gate.

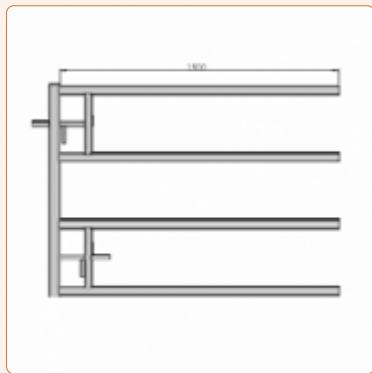

**5 BAR MAN ESCAPE GATE  
CONECH014**

Specially made man escape gate.

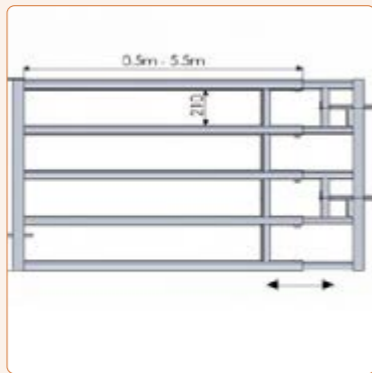

**4 BAR BACK  
CONECH015**

4 bar back only.

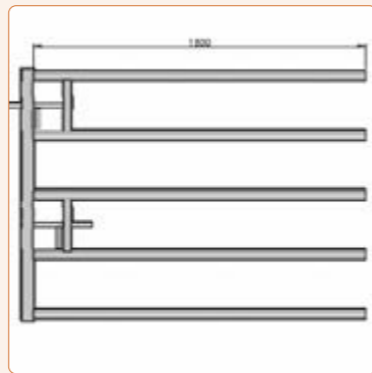

**4 BAR LATCH  
CONECH016**

4 bar latch front only.

**5 BAR BACK  
CONECH017**

5 bar back only.

**5 BAR LATCH  
CONECH018**

5 bar latch front only.

**BO STEEL CALVING GATE  
CONECH019**

Provides safe control of cow during calving, centre gates open to perform caesarean.

**BO STEEL HEADLOCK  
CONECH020**

The headlock is a simple design with a swivel lock bar which has a ratchet on top. The animals head is caught between this and the telescopic bar which is spring loaded for easy removal if needed.

**2 BAR PANEL  
CONECH021**

Available in sizes 7-19ft.

**1 BAR GATE  
CONECH022**

Available in sizes 0m-3m & 3m-5m.

**GUILLOTINE GATE  
CONECH023**

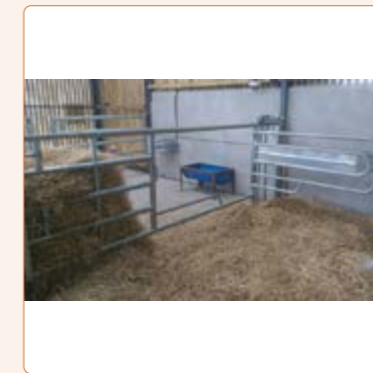

**UP & OVER GATE  
CONECH024**

**CATTLE & SHEEP GATE  
CONECH025**

Made to measure cattle & sheep gate.

**3IN1 CALVING GATE  
CONECH026**

Provides safe control of cow during calving, centre gates open to perform caesarean. Size available from 11ft to 16ft.

**CALVING SUPPORT GATE  
CONECH027**

Centre gate open to perform caesarean.

**CALVING GATE HEADLOCK**  
**CONECH028**

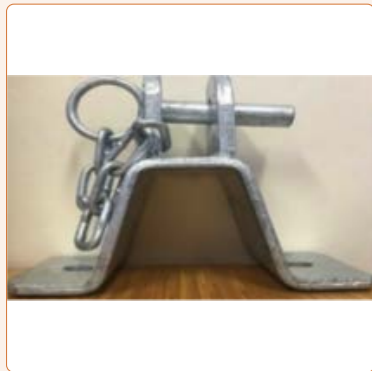

Headlock with dropbar and overhead support.

**STANDARD HANGER**  
**CONECH029**

**SPACER HANGER**  
**CONECH030**

**SUPER SPACER HANGER**  
**CONECH031**

**WALL RECEIVING BRACKET**  
**CONECH032**

**RECEIVING BRACKET FLANGE**  
**CONECH033**

**WEB LATCH RECEIVER**  
**CONECH034**

**SINGLE ROW ADJUSTABLE CANTILEVER CUBICLE**  
**CONECH035**

The cubicles allow space sharing whilst keeping the cow square, preventing soiling of the bed, easily adjustable height and width.

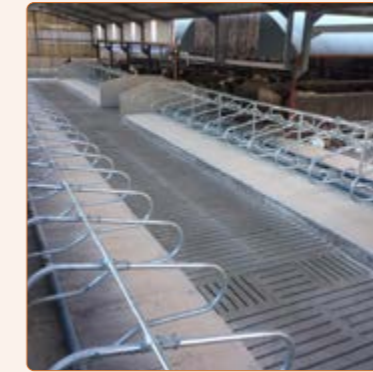

**HEAD TO HEAD ADJUSTABLE CANTILEVER CUBICLE**  
**CONECH036**

The cubicles allow space sharing whilst keeping the cow square, preventing soiling of the bed, easily adjustable height and width.

**FIXED CANTILEVER CUBICLE WITH CHANNEL**  
**CONECH037**

The cubicles allow space sharing whilst keeping the cow square, preventing soiling of the bed, easily adjustable height and width.

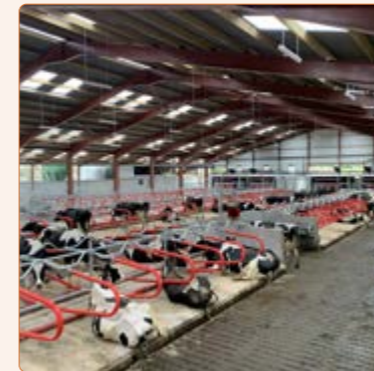

**SUPER SPACE SINGLE ROW ADJUSTABLE CUBICLE**  
**CONECH038**

Higher neckrail giving the cow more freedom to stand with four legs in the bed.

**SUPER SPACE HEAD TO HEAD ADJUSTABLE CUBICLE**  
**CONECH039**

Higher neckrail giving the cow more freedom to stand with four legs in the bed. Head to head.

**SINGLE HYBRID FLEX CUBICLE**  
**CONECH040**

Combines the flexibility of plastic with the stability of a steel structure.

**HEAD TO HEAD HYBRID FLEX CUBICLE**  
**CONECH041**

Combines the flexibility of plastic with the stability of a steel structure. Head to head.

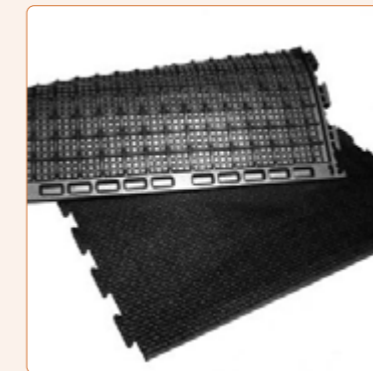

**BRISKET PIPE**  
**CONECH042**

114mm pipe.

**ZIG ZAG HEADRAIL**  
**CONECH043**

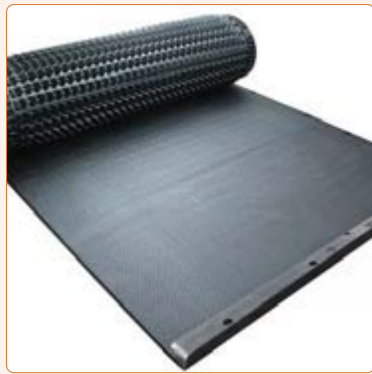

**KIM PUZZLE (INTERLOCKING)**  
**CONECH044**

High Quality interlocking joint. 10 year warranty.

**KIM LONGLINE (ROLL-OUT)**  
**CONECH045**

Cut to length. 10 year warranty.

**WELA LONGLINE**  
**CONECH046**

Unique design allows maximum comfort while removing the need for foam. 10 year warranty.

**KEW PLUS**  
**CONECH047**

3 layers for optimal permanent softness. 10 year warranty.

**KEN STRAIGHT EDGE MAT**  
**CONECH048**

15mm rubber and 5mm stud. 10 year guarantee.

**KEN LARGE MAT**  
**CONECH049**

20mm thickness. 10 year warranty.

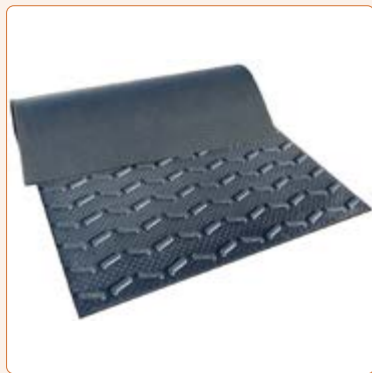

**KEN PUZZLE MAT**  
**CONECH050**

Tailer cut slat rubber. 5 year warranty.

**KRAIBURG SLAT MAT**  
**CONECH051**

Tailer cut slat rubber. 5 year warranty.

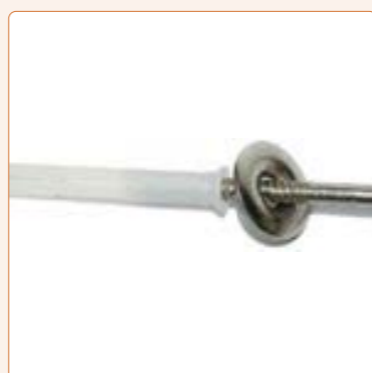

**MONTA**  
**CONECH052**

V-shaped, raised rib profile. Walkable in both directions. 5 year warranty.

**LOMAX**  
**CONECH053**

Ideal for overused grass areas, paddock gaps and drinker areas. 5 year guarantee.

**STAINLESS STEEL SCREWS, WASHERS, PLUGS**  
**CONECH054**

**BLUEBAND PIPING**  
**CONECH055**

Available in 48mm, 60mm, 76mm, 88mm & 114mm.

**GALVANISED WALL MOUNTED DRINKER**  
**CONECH056**

Available in 4ft long with a capacity of 35 gallons and 6ft long with a capacity of 55 gallons.

**STAINLESS STEEL WALL MOUNTED DRINKER**  
**CONECH057**

Available in 4ft long with a capacity of 35 gallons and 6ft long with a capacity of 55 gallons.

**GALVANISED TIP-OVER DRINKER**  
**CONECH058**

Available in 4ft long with a capacity of 35 gallons and 6ft long with a capacity of 55 gallons.

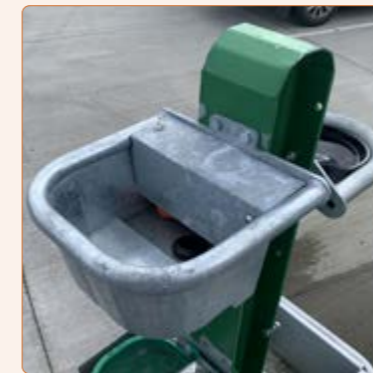

**STAINLESS STEEL TIP-OVER DRINKER**  
**CONECH059**

Available in 4ft long with a capacity of 35 gallons and 6ft long with a capacity of 55 gallons.

**SMALL DRINKER C/W SURROUND**  
**CONECH060**

Complete with a double tubular surround. Capacity 24L.

**CONDON COMPACT DRINKER**  
**CONECH061**

Galvanised, Capacity 7L.

**LA BUVETTE - SINGLE**  
**CONECH062**

Double cast iron bowl with constant water level. 8 litre capacity. Protective surrounds available.

**LA BUVETTE - DOUBLE**  
**CONECH063**

Double cast iron bowl with constant water level. 8 litre capacity. Protective surrounds available.

**SUEVIA - IDEAL BLACK DRINKER** **CONECH064**

Cast iron bowl, completely enamelled. Suitable for young cattle and calves.

**JFC DBL DRINKING BOWL** **CONECH065**

Large reservoir capacity bowl fitted with a standard 1/2" brass ballvalve to maintain water at a constant level. Valve float protected within a plastic cover.

**JFC MICRO BOWL** **CONECH066**

The JFC Micro Drink Bowl is designed with JFC's unique double wall for extra strength and durability. The Micro Drink Bowl is fitted with a float.

**JFC DUMPY TIP OVER BOWL** **CONECH067**

The jfc tip over drinker comes complete with a protection bracket and allows easy emptying at the touch of a button.

**SMALL MICRO DRINKER** **CONECH068**

The 4L Micro Drink Bowl is designed with unique double wall for extra strength and durability. Fitted with a float valve, stainless steel valve protection cover and a drain off plug.

**SMALL GALV DRINKER** **CONECH069**

Small galvanised drinker bowl.

**INDOOR CONCRETE TROUGH** **CONECH070**

110 Gallon indoor water trough with rounded edges for animal safety and extra strength.

**CONDON COW BRUSH** **CONECH071**

Keeps animal's hair clean, removes dirt, dead hairs and dead skin all without requiring electricity.

LIVESTOCK EQUIPMENT

CATTLE  
—  
Handling

CONECN001—  
CONECN054

**CONDON SEMI-AUTO HEADGATE** **CONECN001**

Heavy duty design with simple 1 lever operation.

**CONDON BEEF HEADGATE** **CONECN002**

Heavy duty Beef headgate which can be operated on either side.

**CONDON WARRIOR HEADGATE** **CONECN003**

Made from heavy duty galvanised piping and stain less steel fittings, allows users to catch animals more easily.

**SUPREME CRUSH BOX** **CONECN004**

...

**MOBILE CRUSH 8FT** **CONECN005**

3 point linkage and pallet fork access.

**MOBILE CRUSH 16FT** **CONECN006**

3 point linkage and pallet fork access.

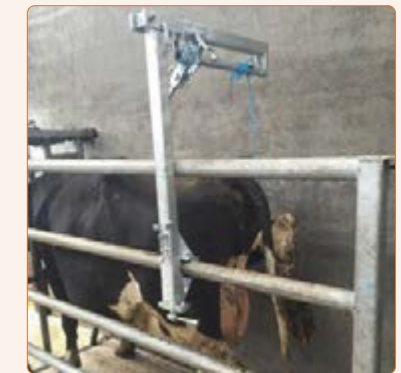

**HOOF PAIRING CRATE** **CONECN007**

Heavy duty design and fittings, easily operated and opening sections allow full access to the animal.

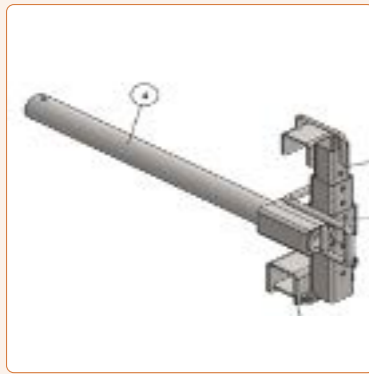

**HEADSCOOP** **CONECN008**

Robust simple design that helps control animal head movement. Available in left hand and right hand operation.

**LEG HOIST** **CONECN009**

Fully galvanised leg hoist, can be fitted to most crushes. Easily removed when not in use.

**CONDON ANTI-BACKING BAR CONECN010**  
Removable Anti-Backing bar.

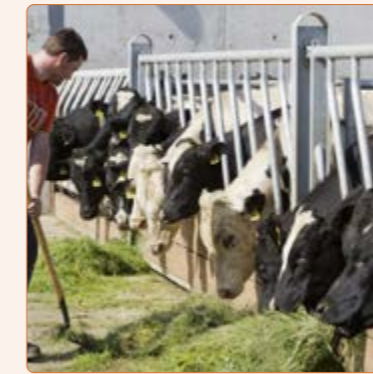

**BO-STEEL ANTI-BACKING BAR CONECN011**  
Removable Anti-Backing bar.

**DONNELLAN ANTI-BACKING BAR CONECN012**  
Removable Anti-Backing bar.

**CRUSH POSTS CONECN019**  
All post types available

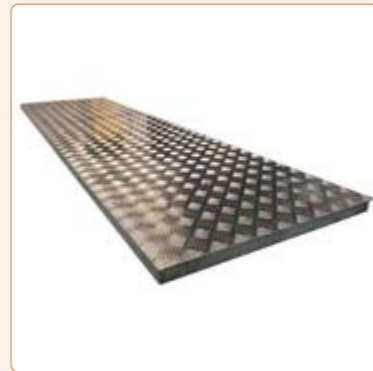

**RSJ POSTS GALVANISED CONECN020**  
Available in sizes 6x6, 4x4, 8x4,

**SLEEVES FOR RSJ CONECN021**  
Available for 4x4 and 6x6 posts.

**TRU-TEST CATTLE WEIGHING SCALES CONECN013**  
Aluminium chequer plate weigh platform, includes loadbars and indicator.

**D.E.M. CATTLE WEIGHING SCALES CONECN014**  
The DEM Cattle Crush Scale is reliable, accurate and portable. Designed for the toughest farm conditions it features a low profile, heavy-duty chassis and 4 stainless steel loadcells that can handle weights of up to 2 tonnes each.

**SLIDING BACK GATE CONECN015**  
Condon Heavy duty sliding back gate

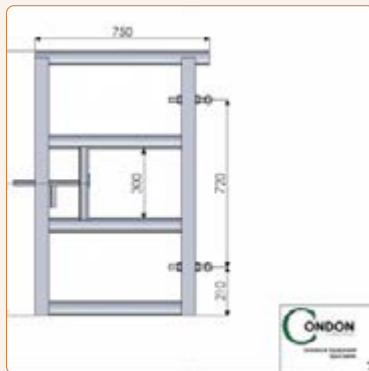

**ANTI-KICK BAR CONECN022**  
Heavy duty cow immobilizer.

**NOSE TONGS CONECN023**  
Stainless steel device used on cattle to control them when drenching them or doing any tasks that requires you to handle the animal.

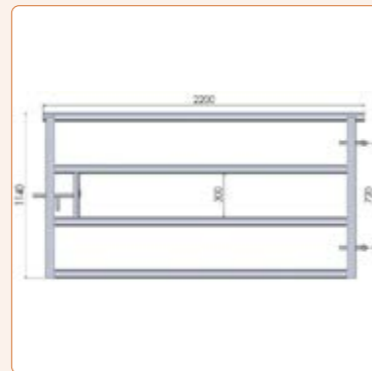

**NOSE TONGS HEAVY CONECN024**  
Heavy Duty Stainless steel device used on cattle to control them when drenching them or doing any tasks that requires you to handle the animal.

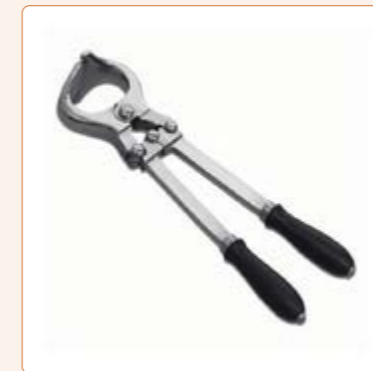

**CRUSH BACK GATE CONECN016**  
Standard Condon Crush back gate.

**CRUSH PANEL CONECN017**  
4 bar crush panel.

**CRUSH PANEL GATE CONECN018**  
4 bar crush panel gate.

**CASTRATOR CONECN025**  
Chrome plated castrators used to castrate bulls with minimal blood loss.

**SUCKLING PREVENTOR (PLASTIC) CONECN026**  
Milk suckling preventor spiked is made of plastic.

**SUCKLING PREVENTOR (METAL) CONECN027**  
Milk suckling preventor spiked is made of light metal.

**HEAD HALTER**  
**CONECN028**

The halter can be used for tying, restraining and showing cattle where needed.

**BULLRING**  
**CONECN029**

Copper Bull Ring is a round metal ring which is used to control and handle bulls. Available in different sizes.

**HOOF PAIRING DISCS**  
**CONECN030**

Disposable disc perfect for pairing cows hooves.

**TAIL PAINT**  
**CONECN037**

Tell Tail Brush On Tail Paint is an oil based fluorescent paint used for heat detection in cattle.

**COYLES MARKING SPRAY**  
**CONECN038**

Easy to use applicator for applying to animals hair or wool.

**COYLES LONGTERM MARKING SPRAY**  
**CONECN039**

Easy to use applicator for applying to animals hair or wool. Long lasting.

**CATTLE HOOF CUTTERS**  
**CONECN031**

Heavy duty cattle hoof cutter tool.

**HOOF KNIFE**  
**CONECN032**

Made from high quality stainless steel.

**CURRY COMB**  
**CONECN033**

Available in double and single sided.

**MARKSMAN MARKING SPRAY**  
**CONECN040**

Marksman Spray is a weather resistant sheep mark in anaerosol can for ease of use.

**TAILPAINTER**  
**CONECN054**

Available in One Colour Refill Kit or Two Colour Refill Kit along with Daisy paint refill sets.

**COW LIFTING FRAME**  
**CONECN041**

A device to assist cows who can't get back on their feet, a must for all farmers in an emergency.

**CHINBALL HARNESS**  
**CONECN034**

Used to strap on ball part to the bull in concern which helps clearly identify cattle that have been mounted.

**CHINBALL MARKING FLUID**  
**CONECN035**

Available in several colours.

**SPRAY ON TAIL PAINT**  
**CONECN036**

Tell Tail is an oil based fluorescent paint used for heat detection in cattle.

**EASY DRENCHER**  
**CONECN042**

The Easy Drencher is a plastic bottle used for administering liquid orally for animals. The bottle is a free standing, wide base bottle with an easy grip handle.

**KOWKATCHER HOOK**  
**CONECN043**

The Kow Katcher is a hard wearing steel hook that's designed to aid in humane restraint and distraction of an animal while oral dosing, bolusing or injecting.

**PRIMA-TECH HOOK DOSER**  
**CONECN044**

The Prima-Tech hook doser is a quality dosing gun used for drenching cattle in all environments.

**PRIMA-TECH DOSING GUN**  
**CONECN045**

The PrimaTech Drench Gun has a quick fill time, saving users significant amounts of time. The rate of dose is very easy to change using the select-a-dose-dial.

**COWBOY SYRINGE**  
**CONECN046**

Professional syringe with metal handle that is durable yet lightweight.

**VIL GUN 70ML**  
**CONECN047**

Durable 70ml drench gun.

**VIL GUN 150ML**  
**CONECN048**

Durable 150ml Drench gun.

**INJECTOR SYRINGE**  
**CONECN049**

Plastic animal injector syringe.

**PRIMA TECH VACCINATOR GUN**  
**CONECN050**

The Prima-Tech Adjustable Vaccinator is a self-contained, one handed vaccinator allowing full mobility without returning to the bottle or using a hose.

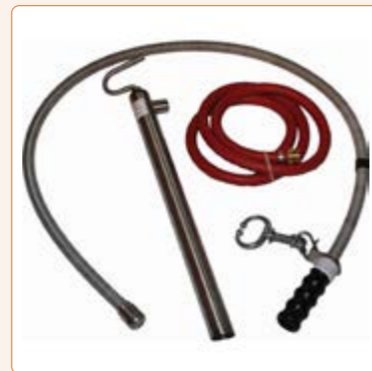

**DISPOSABLE SYRINGES**  
**CONECN051**

The disposable syringes are used to administering injections and are available in a variety of sizes.

**FLUTTER VALVE**  
**CONECN052**

Flutter valve infusion type supplied with luer lock type needle.

**COW STOMACH TUBE**  
**CONECN053**

LIVESTOCK EQUIPMENT  
**CATTLE**  
Feeding  
CONECF001—  
CONECF017

**8FT SINGLE CATTLE TROUGH**  
**CONECF001**

8 foot long galvanised cattle meal trough.

**8FT DOUBLE CATTLE TROUGH**  
**CONECF002**

8 foot long galvanised double cattle meal trough.

**8FT SINGLE WEANLING TROUGH**  
**CONECF003**

8 foot long galvanised single weanling meal trough.

**CATTLE ROUND FEEDER**  
**CONECF004**

The Gibney Circular Cattle Feeder is a galvanised cattle feeder with a sheet metal base that can feed up to 20 cattle.

**BULL ROUND FEEDER**  
**CONECF005**

10 space galv bull feeder

**CONDON SILAGE FEEDER**  
**CONECF006**

Silage feeder trailer available fully galvanised or painted.

**JFC FAST FILL CIRCULAR TROUGHS**  
**CONECF007**

The trough is fitted with a fast-fill float valve which comes with a 3/4 inch connection and is capable of delivering up to 75L/min (3 bar pressure). Available in 180, 250 and 350 gallon.

**JFC FAST FILL DOUBLE WATER TROUGH**  
**CONECF008**

The trough is fitted with a fast-fill float valve which comes with a 3/4 inch connection and is capable of delivering up to 75L/min (3 bar pressure). Available in 30 and 90 gallon.

**CONCRETE TROUGH 100 GALLON CONECF009**  
McMahon Concrete Products.

**CONCRETE TROUGH 150 GALLON CONECF010**  
McMahon Concrete Products.

**CONCRETE TROUGH 300 GALLON CONECF011**  
McMahon Concrete Products.

**CONCRETE TROUGH 500 GALLON CONECF012**  
McMahon Concrete Products.

**CATTLE AD-LIB FEEDER CONECF013**  
Available in 1.5 or 2.5 tonne. Double sided feeder, fully galvanised.

**CATTLE AD-LIB FEEDER ON WHEELS CONECN014**  
Available in 1.5 or 2.5 tonne. Double sided feeder on wheels, fully galvanised.

**CUBIC METER MEAL BIN CONECN015**  
Lightweight and hygienic bin for both transporting and storing up to 750kg of feed.

**CONDON 1 TONNE MEAL BIN CONECN016**  
Adjustable Legs, lid opens fully in two parts, Completely sealed.

**BULK FEED MEAL BIN CONECN017**  
Fitted to Auger or bagging spout. Meal blown in or filled with loader. Available in 5, 8, 10 and 12 Tonne.

LIVESTOCK EQUIPMENT

## CALF Housing

CONEVH001—  
CONEVH005

**CALF FEED BARRIER CONEVH001**  
Low calf feed barrier. Adjustable feed rail.

**CALF DIVIDING GATES CONEVH002**  
5 bar calf gate extendable, 1 metre high. Available in 3-19ft.

**CONDON INDIVIDUAL CALF PIN CONEVH003**  
All hot dip galvanised.

**JFC CALF CRIB/CALF ISOLATION PIN CONEVH004**  
An individual calf housing unit which is ideal for the effective isolation of calves. The polyethylene body will ensure the calf is warm and draught-free, allowing you to monitor individual calf performance.

**JFC CALF SLATS CONEVH005**  
The calf slats are ideal for keeping calves clean and dry when placed inside our hutch system. These weather resistant slats are tough, easy to handle/maintain, allowing for a shorter cleaning cycle.

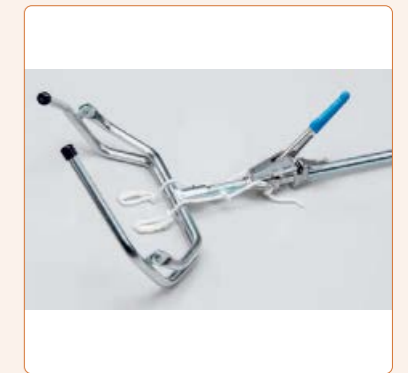

LIVESTOCK EQUIPMENT

## CALF Handling

CONEVN001—  
CONEVN024

**TECNALL CALVING AID WITH MOOREPARK HEAD CONEVN001**  
Light weight calving aid with strong square section shaft, rotating head and easy release.

**HK CALVING AID WITH MOOREPARK HEAD CONEVN002**  
HK Calving aid is supplied with a galvanised steel two piece 1800mm shaft and a pair of ropes. The 2020 ratchet allows for alternate or straight pulls and simple release.

**VINK CALVING AID  
CONEVN003**

This Vink Calving Aid 1800mm (with alternate Traction Ratchet) can be very useful with difficult calvings as the 'wriggling action' eases delivery. Available with beef or dairy head

**CALVING JACK HEAVY  
DUTY ROPES CONEVN004**

Heavy duty calving jack ropes.

**OBSTETRIC GEL  
CONEVN005**

A thick general purpose gel suitable for animal husbandry.

**BUDEX GAS DEHORNER  
CONEVN012**

Gas buddex debudder dehorner tip with 2 cartridges, spare nozzle and allen key.

**EXPRESS GAS DEHORNER  
CONEVN013**

110ml cylinder gas refill bottle for dehorners.

**PISTOL GRIP EXPRESS  
GAS DEHORNER  
CONEVN014**

This Express lightweight pistol grip gas dehorner is very user friendly and ignites quickly even in cold weather

**POLYSEM EXAMINATION  
GLOVES (GREEN)  
CONEVN006**

Green Arm length disposable examination gloves.

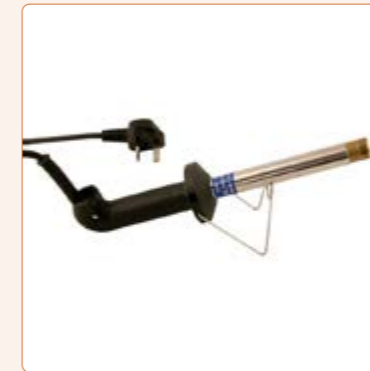

**POLYSEM EXAMINATION  
GLOVES (ORANGE)  
CONEVN007**

Orange arm length disposable examination gloves.

**DISPOSABLE APRON  
CONEVN008**

Arm length disposable examination gloves.

**ELECTRIC DEHORNER  
CONEVN015**

Stainless steel device used in dehorning young calves.

**CALOR TYPE GAS  
DEHORNER CONEVN016**

Traditional gas type dehorner complete with 2.5m hose. Works with Butane or Propane.

**GAS DEHORNER REFILL  
CONEVN017**

**IODINE  
CONEVN009**

Iodine is a perfect disinfectant for treating animals wounds or treating newborns navels to prevent navel ill and other infections. It is a must have on all farms.

**CHLOROHEXIDINE  
CONEVN010**

Prevent 2D navel spray.

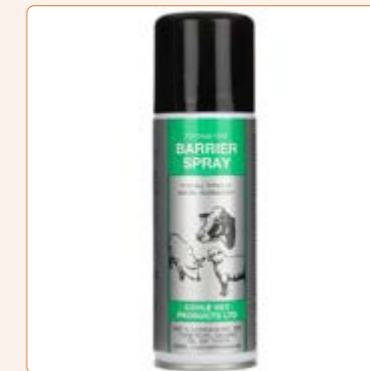

**CALF JACKET  
CONEVN011**

Heavy Duty calf jacket.

**ALU SPRAY  
CONEVN018**

Alu spray is a micronised aluminium spray that serves as a protective barrier and to heal all types of wounds.

**COYLES BARRIER SPRAY  
CONEVN019**

Barrier spray for superficial wounds on animals.

**FORAN SKIN POWDER  
CONEVN020**

Farm and stable skin care powder is an ideal dressing containing fly repellents for general purpose use on animals.

**DELUXE DEHORNING CRATE CONEVN021**

Condon calf dehorning box with back bar, neck bar, quick release front door and ratchet belly band.

**STANDARD DEHORNING CRATE CONEVN022**

Condon standard dehorning box with front and back boors, easily transported on wheels.

**CALF TRANSPORTER CONEVN023**

Features removable mesh sides, drop down ramp and chequer plate floor.

**LARGE CALF TRANSPORTER CONEVN024**

Large calf transporter suitable for pallet forks.

LIVESTOCK EQUIPMENT

**CALF Feeding**

▶ CONEVF001— CONEVF038

**TRUSTI TUBER 3IN1 CONEVF001**

Trusti Tuber is a unique new colostrum-feeding kit. Its design ensures tubing is safer, easier and more comfortable for the calf. It allows feeding to be done more quickly and with less stress for both calf and farmer.

**TRUSTI TUBER COLOSTRUM BAG CONEVF002**

Incorporating the award winning, premium Trusti Tuber calf tube feeder with durable reusable colostrum bags.

**CALF STOMACH TUBE CONEVF003**

The Calf stomach tube is designed for the administration of emergency colostrum or fluids / glucose directly into the stomach of newly born calves.

**CALF STOMACH TUBE BOX CONEVF004**

For the administering of electrolytes to calves with a 4 litre capacity and flexible probe.

**SPEEDY FEEDER CONEVF005**

2.5L Easy calf feeder drinking bottle with a screw top for easy filling and emptying.

**NURSING BOTTLE CONEVF006**

This nursing bottle is ideal for feeding weak, sick or young calves.

**NURSING BOTTLE 3LITRE CONEVF007**

3 Litre nursing bottle, for young calves.

**SCREW IN PEACH TEAT CONEVF008**

**PULL THRU PEACH TEAT CONEVF009**

**MILKBAR TEAT CONEVF010**

**HIKO TEAT CONEVF011**

**BIG SOFTIE TEAT CONEVF012**

**JFC RESERVIOR TEAT FEEDER CONEVF013**

JFC Calf Compartment Feeders offer an efficient way of supplying milk to several calves at once. Available up to a 10 teat feeder.

**JFC COMPARTMENT TEAT FEEDER CONEVF014**

JFC Teat Feeders offer an efficient way of supplying milk to several calves at once. Available up to a 10 teat feeder.

**MILKFLO SINGLE COMPARTMENT FEEDER CONEVF015**

Single calf Teat feeder.

**MILKFLO RESERVOIR TEAT FEEDER CONEVF016**

Milkflo reservoir teat feeders are available up to a 15 station teat feeder.

**MILKFLO MOBILE 40 UNIT CALF FEEDER 400L CONEVF023**

40 station 500 litre mobile calf feeder

**MILK HEATER LISTER CONEVF024**

The Lister E3020 Milk Heater is a German engineered powerful, sturdy and easily cleaned milk heater.

**JFC MILK CART 170LITRE CONEVF025**

For transporting bulk liquid milk or milk replacer around the farmyard to feed calves, 170 litre capacity available with pump and mixer.

**MILKFLO COMPARTMENT TEAT FEEDER CONEVF017**

Milkflo compartment teat feeders are available up to a 15 station teat feeder.

**MILKBAR SINGLE COMPARTMENT FEEDER CONEVF018**

Single calf Teat feeder.

**MILKBAR RESERVOIR TEAT FEEDER CONEVF019**

Milkbar reservoir teat feeders are available up to a 12 station teat feeder.

**JFC QUAD MILK CART CONEVF026**

The JFC ATV 340L Milk Kart With Pump is ideal for towing bulk liquid milk or milk replacer around the farm to feed calves.

**WYDALE MILK CART CONEVF027**

Wydale mobile milk trolley makes it easy to transport milk around the farm. It is designed for those who use whole milk, the trolley is an ideal tool for ferrying milk from parlour to calf pens. Available with or without a mixer.

**CONDON STAINLESS STEEL MILK FEEDER CONEVF028**

Available in 1.5M length or 3M length

**MILKBAR COMPARTMENT TEAT FEEDER CONEVF020**

Milkbar compartment teat feeder are available up to a 12 station teat feeder.

**MILKFLOW 20 STATION TEAT FEEDER CONEVF021**

A 20 teat freestanding calf feeder that's ideal for large pens and can be used both indoors and outdoors.

**MILKBAR 20 STATION TEAT FEEDER CONEVF022**

A calf shed favourite the Milk Bar 20 has a solid base so calves cannot knock it over.

**CALF STARTER BOX CONEVF029**

Ideal for training young calves, avoids bullying.

**CRUNCH BOX CONEVF030**

Calf feeder box available in 2ft or 4ft.

**GIBNEY HANG ON TROUGH CONEVF031**

Hang on meal trough available in 4 and 6 foot long.

**GIBNEY CALF TROUGH**  
**CONEVF032**  
 Calf meal trough available in 4 and 6 foot.

**JFC CORRI PIPE TROUGH**  
**CONEVF033**  
 Corri pipe meal trough.

**30FT CONDON MOBILE CALF TROUGH**  
**CONEVF034**  
 Mobile calf feed trough.

**SHEEP DIVIDING GATE**  
**CONESH002**  
 Sheep dividing gate.

**SHEEP WALK THROUGH TROUGH**  
**CONESH003**  
 Ideal for dividing Sheep Pens, adjustable feeding rail height

**SHEEP HURDLES**  
**CONESH004**  
 Available in a variety of sizes.

**CONDON CREEP FEEDER**  
**CONEVF035**  
 Available in 6 and 8 foot with pallet fork and 3 point linkage access.

**CONDON HAY RACK**  
**CONEVF036**  
 Four foot hayrack available in mesh or straight bar.

**BO STEEL SINGLE HAY RACK**  
**CONEVF037**  
 Heavy duty and long lasting single hayrack suitable for cows, bulls, horses and calves.

**CONESN003**

**LIFT & SWING SHEEP GUILLOTINE GATE**  
**CONESN004**

**TILT & SLIDE SHEEP SLIDING GATE**  
**CONESN005**

**SHEEP RACE HURDLE**  
**CONESN006**

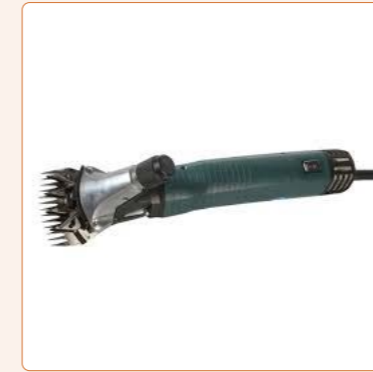

**SHEEPEZE SHEEP SCALES**  
**CONESN034**

Sheep scales comes with True-Test weigh clock or ordinary digital weigh clock.

**SHEEPEZE ROLLOVER CRATE**  
**CONESN035**

Sheepeze Rollover Crate

**LISCOP DIRTY SHEEP CLIPPERS**  
**CONESN012**

The Liscop 4000 Sheep & Dirty Cattle Clipper is handsetergonomically designed with a vibration reducing system and energy efficient DC technology. It is ideal for cattle clipping, dagging and sheep shearing.

**CLIPSTER**  
**CONESN013**

Battery operated clipping machine with a strong 14.4volts that is suitable for both sheep and dirty cattle.

**KERBL CLIPPERS**  
**CONESN014**

Kerbl Constanta4 Sheep and Dirty Cattle Clippers is a heavy duty clipper with tried and tested motor technology that offers tremendous power.

**SHEEPEZE MOBILE SHEEP RACE**  
**CONESN036**

The race can handle small or big flocks with the greatest of ease with set up time taking about 10mins.

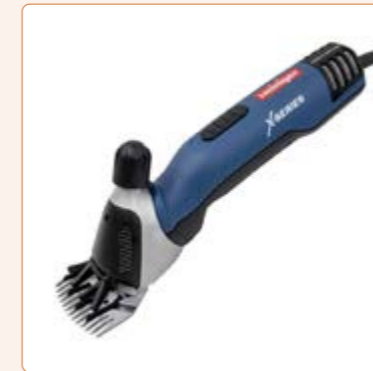

**SHEEP FOOTBATH**  
**CONESN007**

Available in smooth and profile bases.

**FOOTROT SHEARERS**  
**CONESN008**

Supersharps Burgon and ball footrot shear.

**HEINIGER XPRT**  
**CONESN015**

Slimline, lightweight, durable clipper.

**COYLE MARKING SPRAY**  
**CONESN016**

Coyle's animal marker spray for short term animal marking.

**COYLE LONGTERM MARKING SPRAY**  
**CONESN017**

Coyle's longterm animal marker spray is for longterm animal marking.

**FOOTROT SHEARERS**  
**SERRATED**  
**CONESN009**

Serrated supersharps Burgon and Ball shear.

**DAGGING SHEARERS**  
**CONESN010**

Double bow handle produces the softest squeeze -giving greatest user comfort when dealing with finer/cleaner fleece.

**BURGON BALL DRESSING SHEARERS**  
**CONESN011**

Ideal shear for dressing and showing. Single handed use leaves one hand free to puff the fleece and remove cut wool. Also useful for dagging.

**MARKSMAN MARKING SPRAY**  
**CONESN018**

Marksmen spray is a weather resistant marking spray in an aerosal can for ease of use.

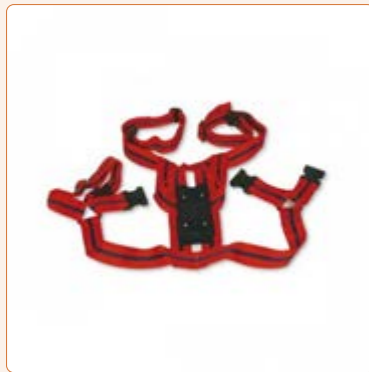

**SIROMARK**  
**CONESN019**

Ideal for livestock identification as well as ownership, breed, type and age identification..

**RAM RADDLE POWDER**  
**CONESN020**

High quality, effective ram powder for use marking and identification during tupping time. Easy to apply and long lasting.

**MATING MARK HARNESS**  
**CONESN021**

Matingmark harness is used in conjunction with Mating mark ram crayons but will hold other types of crayon. The harness is easy to secure and use.

**RAM CRAYONS**  
**CONESN022**

Ram crayons are fully scourable and British Wool marketing Board approved. Available in a wide range of colours and its special formulation contains beeswax to reduce clogging.

**TEASER HARNESS**  
**CONESN023**

The No Mate Teaser Harness is a temporary alternative to vasectomising a ram that physically prevents mating so you can use your rams as teasers to bring maidens into season, then remove the harness to allow for mating.

**ECTOFLY DOSING GUN**  
**CONESN030**

Ectofly Pour-On Gun is an applicator gun for use with ectofly.

**CLIK GUN**  
**CONESN031**

The Clik Pour-On gun is an essential piece of equipment when using Clik Pour-On and Clikzin Pour-On. The Clik Pour-On Gun, when used properly, guarantees the correct application of the pour-on.

**DOSING SYRINGE 60ML**  
**CONESN032**

Disposable syringes for dosing.

**SHEPHERD'S CROOK**  
**CONESN024**

Traditional Shepherd's Crook.

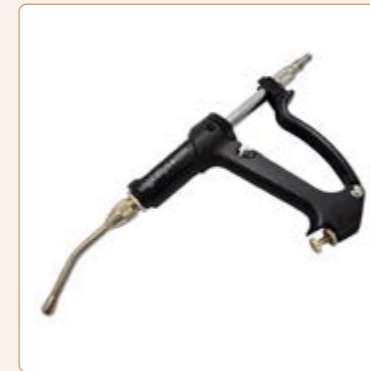

**TAGGERS**  
**CONESN025**

Universal Sheep taggers.

**CASTRATOR APPLICATOR**  
**CONESN026**

Metal applicator for administration of rubber rings.

**PHILLIPS AUTO DRENCH GUN**  
**CONESN033**

The NJ Philips 20ml Auto Drencher is a metal drencher designed for the oral application of sheep and cattle or for multiple dosing.

LIVESTOCK EQUIPMENT

Lambing

CONESL001—  
CONESL014

**ARM LENGTH GLOVES**  
**ORANGE CONESL001**

One size fits all arm length gloves.

**LAMB CASTRATION RINGS**  
**CONESN027**

Rubber castration rings for calves and lambs. Suitable for castrating and tail docking of lambs up to one week old. To be applied with an elastrator applicator.

**PLASTIC NEEDLES**  
**CONESN028**

Range of plastic needles.

**PRIMA TECH 2ML VACCINATOR**  
**CONESN029**

The Prima Bottle Mount Vaccinator is a self contained, one-handed vaccinator allowing full mobility without returning to the bottle.

**BOVIVET GEL**  
**CONESL002**

With Protective Film For lubrication of arm and hand during rectal and vaginal examination.

**AGRI GEL**  
**CONESL003**

Agri-Gel is a thick general purpose lubricating gel for animal husbandry.

**LAMBING ROPE**  
**CONESL004**

Nylon Lambing rope.

**IODINE**  
**CONESL005**

Iodine is a perfect disinfectant for treating animal wounds or treating new born navels.

**REPIDERMA**  
**CONESL006**

Intra Repiderma is a conditioning skin protection spray used as a maintenance product to keep the claw in optimum condition. Repiderma can also be used as a general use skin care product for example after de-horning.

**CHLOROHEXIDINE**  
**CONESL007**

Prevent 2D Navel Spray.

**THERMOMETER**  
**CONESL014**

The Digital Thermometer is a medical device used for veterinary use.

LIVESTOCK EQUIPMENT

—  
**Feeding**

CONESF001—  
CONESF024

**LAMB CREEP FEEDER**  
**CONESF001**

Condon 8ft lamb creep feeder on wheels.

**LAMB REVIVER TUBE**  
**CONESL008**

This lamb reviver and colostrum feeder syringe drencher is used to administer colostrum directly into the stomach of lambs quickly and safely without causing injury.

**PROLAPSE HARNESS**  
**CONESL009**

Used to hold a vaginal prolapse in long enough to get the ewe to her lambing date.

**LAMB JACKET**  
**CONESL010**

Plastic lamb covers supplied in packets of 100.

**STURDY GRANDE CREEP FEEDER**  
**CONESF002**

Sturdy grand sheep creep feeder that's easy to manoeuvre and can be used indoors and outdoors for sheep feeding.

**SHEEP RING FEEDER**  
**CONESF003**

28 Space Galv. Sheep Feeder with drop Pin System.

**HORNED SHEEP RING FEEDER**  
**CONESF004**

Horned sheep ring feeder.

**FOX REPELLENT OIL**  
**CONESL011**

Fox Repellent Oil For Lambs is a highly effective way of preventing foxes from taking new born lambs without the problems of mis-mothering or rejection of lambs by the mothering ewe.

**RED LAMP**  
**CONESL012**

Infrared heat lamp that provides a safe heat source.

**RED LAMP HOLDER**  
**CONESL013**

Holder for heat lamp.

**SHEEP HAYBELL**  
**CONESF005**

The JFC Sheep Haybell fits over a standard bale to provide tidier, safer feeding outdoors while preserving forage quality.

**CONDON LARGE LAMB CREEP FEEDER**  
**CONESF006**

Various sizes available, double sided.

**GIBNEY 8FT SHEEP TROUGH**  
**CONESF007**

8ft galvanised sheep trough.

**JFC CORRI FEED TROUGH**  
**CONESF008**

Corri pipe feed trough.

**SHEEP HURDLE HAY RACK**  
**CONESF009**

Hay rack especially fitted for sheep hurdle.

**LAMB ADOPTION CRATE**  
**CONESF010**

The Adoption unit is a universal unit therefore you can make the best use of any pen. Fully galvanised to maximise life expectancy.

**MILKTRAIN FEEDER**  
**CONESF017**

The Lamb Feeder Milk Train is a four place milk train suitable for lambs and kids.

**LAMB FEEDER BUCKET**  
**CONESF018**

Lamb feeding bucket c/w 3 teats & holders

**ANTI-VAC BOTTLE**  
**CONESF019**

The Lamb Bottle Non-Vac is a large long lasting bottle holding 500ml of fluid. The lamb bottle features a wide neck for easy filling and cleaning.

**LAMB SURROGATE FEEDER**  
**CONESF011**

A must in a prolific flock with the possibility of triplets and quads. Provides a constant supply of warm milk through teats.

**MILKBAR SINGLE FEEDER**  
**CONESF012**

Features patented Milk Bar teats, which promote slow-nursing for maximum salivation and healthy digestive development.

**MILKBAR 3 STATION FEEDER**  
**CONESF013**

Features patented Milk Bar teats, which promote slow-nursing for maximum salivation and healthy digestive development.

**BLACK TEAT**  
**CONESF020**

A traditional lamb teat that is designed to be easy to use for both the lamb and the feeder.

**LAMB FEEDER TEAT**  
**CONESF021**

Suitable for food use, cadmium free and acid resistant.

**1 GALLON BUCKET**  
**CONESF022**

1 gallon milk bucket.

**MILKBAR 7 STATION FEEDER**  
**CONESF014**

Features patented Milk Bar teats, which promote slow-nursing for maximum salivation and healthy digestive development.

**MILKBAR 10 STATION FEEDER**  
**CONESF015**

Features patented Milk Bar teats, which promote slow-nursing for maximum salivation and healthy digestive development.

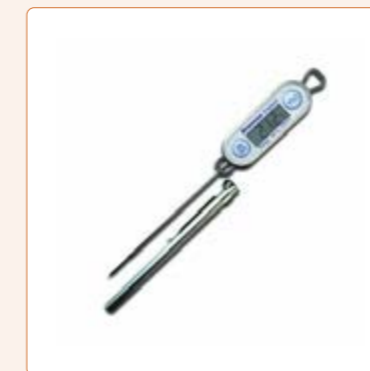

**MILKBAR COMPARTMENT FEEDER**  
**CONESF016**

Compartment feeder available in 5 or 10 teat stations.

**WHISK**  
**CONESF023**

Stainless steel whisk ideal for stirring milk in a bucket.

**WATER RESISTANT DIGITAL TEST THERMOMETER**  
**CONESF024**

Robust, water resistant thermometer with hold function and auto power off. Hanging hook and 125mm stainless steel probe with pocket case and clip.

# CROPS, SEEDS & SPRAYS

—SEEDS

—PESTICIDE SPRAYS

CROPS, SEEDS & SPRAYS

SEEDS

CONCSS001—  
CONCSS022

**CONROY ELITE GRAZE/  
SILAGE MIX CONCSS022**

High Yielding seed for Silage and Grazing. Extremely palatable mix including Abergain and Abergreen Perennial Ryegrass

**CONROY PREMIUM GRAZE/  
SILAGE MIX CONCSS001**

Excellent early spring and late autumn growth with high palatable leafy grass for high intakes, milk yields and milk solids.

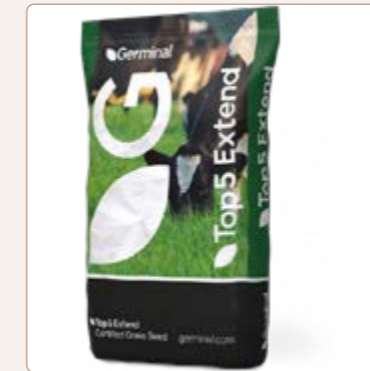

**CONROY INTENSIVE  
GRAZING/SILAGE MIX  
CONCSS002**

A persistent sward for grazing or cut and graze systems, suited to set-stocking or paddock grazing.

**DIFFICULT SOILS  
CONCSS003**

Difficult Soils is a specially designed mixture specifically suited to wet, peaty or heavier soils.

**TOP 5 EXTEND  
CONCSS004**

The varieties in this mixture excel in spring and autumn growth meeting the demands of intensive grassland farmers while also providing the opportunity for a high yielding silage cut. With Clover.

**TOP 5 EXTEND NO CLOVER  
CONCSS005**

The varieties in this mixture excel in spring and autumn growth meeting the demands of intensive grassland farmers while also providing the opportunity for a high yielding silage cut. Without clover

**TOP 5 GRAZING  
CONCSS006**

Top 5 Grazing is ideally suited to rotational grazing or set stocking, but also offers the potential for a heavy silage cut in late May or early June.

**TOP 5 SILAGE  
CONCSS007**

Designed for livestock farmers aiming for one or two high quality heavy silage cuts with the best possible aftermath grazing.

**3+ CUT INTENSIVE SILAGE/  
HYBRID CONCSS008**

The mixture is designed for those aiming for 3 to 4 high quality silage cuts, followed by aftermath grazing.

**MULTI-SPECIES MIXTURE  
CONCSS009**

This Multi-Species Mixture combines 4 species including nitrogen-fixing and nitrogen-lifting types, offering significant benefits to sheep, beef and dairy farmers, particularly in low input systems.

**SHEEP MIXTURE  
CONCSS010**

An intensive sheep grazing mixture designed for yield, quality and persistency under tight grazing.

**HORSE MIXTURE  
CONCSS011**

Designed specially for horses, containing dense and persistent varieties that will tolerate tight grazing. This mixture will create a high fibre, low protein grass sward ideally suited to horses and ponies.

**BARLEY  
CONCSS018**

A consistent, high yielding variety with excellent agronomic characteristics.

**OATS  
CONCSS019**

Provide cover over the winter to help reduce soil erosion due to good tillering capacity. Oats have poor winter tolerance and are easily killed and worked back into the soil.

**LINSEED  
CONCSS020**

Linseed is a cool season crop and requires moderate to cool temperature. It is grown best in well drained, fertile, medium and heavy soils especially silty loam, clay loam and silty clays.

**LEISURE LAWN SEED  
CONCSS012**

Suitable for restoring your lawn after winter or sowing from scratch. Leisure Lawn is a hardwearing lawn seed, which will maintain a healthy green colour all year long.

**WHITE CLOVER  
CONCSS013**

White clover can be sown as part of a full reseed or oversown into an established sward.

**RED CLOVER  
CONCSS014**

Red clover is a nitrogen fixing perennial legume used for high quality, high protein silage production, for finishing stock or as a break crop to improve soil structure and fertility.

**GUSTO SLUG PELLETS  
CONCSS021**

Gusto® 3 is the precision pellet for the reduction of slug and snail damage in agricultural and horticultural crops. Gusto® 3 is a very high quality, persistent and palatable bait with improved integrity in wet conditions.

CROPS, SEEDS & SPRAYS

**PESTICIDE  
SPRAYS**

CONCSP001—  
CONCSP018

**ROSATE  
CONCSP001**

Rosate is a soluble liquid concentrate herbicide for the control of most species of emerged annual and perennial grass and broad-leaved weeds. PCS no. 05761.

**KALE  
CONCSS015**

Maris Kestrel is established as the leading kale variety in Ireland and is suitable for all classes of stock. It is renowned for its high digestibility and long utilisation period.

**REDSTART HYBRID  
BRASSICA CONCSS016**

Redstart Hybrid Brassica is a unique utility fodder crop, which offers the highly beneficial combination of rapid growth ability and good all year round performance.

**STEGO-FORAGE RAPE  
CONCSS017**

Stego is an extremely high yielding forage rape variety with excellent disease resistance, including mildew.

**ROUND-UP XL  
CONCSP002**

Round-Up XL weed-killer is a professional grade herbicide that kills weeds, brambles, thistles and nettles.

**ROUND-UP GOLD  
CONCSP003**

Round-up Gold (PCS No 02623) is a post emergence systemic, non selective herbicide against annual and perennial (grass, broadleaved), aquatic weeds, woody plants and also against orobanche.

**ROUND-UP FLEX  
CONCSP004**

Round-Up Flex is a herbicide used for the control of a broad spectrum of annual and perennial weeds. PCS no. 04593.

**ROUND-UP BIACTIVE  
CONCSP005**

Round-Up Biactive is a herbicide used for the control of a large variety of weeds including the Japanese Knotweed.

**EAGLE  
CONCSP006**

Eagle(PCS No 04315) is a herbicide for the control of cleavers and other annual broad-leaved weeds in cereals and for the control of docks in grassland and young leys. Eagle is safe to use on clover.

**REAPER  
CONCSP007**

Croplink Reaper (PCS No. 04613) is for the control of broad-leaved weeds, especially cleavers, in listed cereals, forage and grain maize and in grassland.

**PASTOR TRIO  
CONCSP014**

Pastor Trio is a one product solution for the three major grassland weeds – thistles, nettles and docks. PCS no. 05808.

**PASTURE PAK  
CONCSP015**

Pasturepak represents a new concept in grassland weed control. Thrust and Tandus are compatible, and if used in mixture with each other offer control of Dock and general grassland weeds.

**GRAZON PRO  
CONCSP016**

Grazon Pro(PCS No 05182) is selective weed killer that is ideal for the control of all major grassland weeds. Grazon Pro is highly cost effective with an average of 16 knapsack(10lt) fills per litre of product. It is not safe on clover.

**MINSTREL  
CONCSP008**

Minstrel herbicide (PCS No 04782) a selective post-emergent herbicide for the control of annual and perennial weeds, especially cleavers, common nettle and chickweed in winter and spring cereals, maize and grassland.

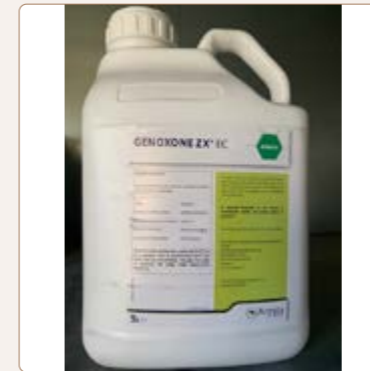

**DOXSTAR  
CONCSP009**

Doxstar Pro (PCS NO.05459) is used to achieve long-term control of all species of docks on established grassland and new leys where it will also deliver excellent chickweed, dandelion and daisy control. It is not safe on clover.

**AGRITOX 500 MCPA  
CONCSP010**

Agritox MCPA is a cost effective herbicide that controls a wide range of broadleaf weeds in established grasslands. PCS no. 03505.

**GENOXONE  
CONCSP017**

Selective herbicide (PCS No 223) for application by boom sprayer, used to controls a wide range of difficult perennial and annual broad-leaved weeds in grassland.

**SQUADRON  
CONCSP018**

Squadron (PCS No 92462) is an additive used in conjunction with your weed killer to improve the overall performance of the product and to condition water subject to hardness and high pH levels.

**THISTLEX  
CONCSP011**

Thistlex is a very effective translocated product for both creeping and spear thistle and is very safe to grass. PCS no. 03831

**CROPLINK D-50  
CONCSP012**

Croplink D-50 (PCS No 02366) is a cost effective herbicide used to control many broad-leaved weeds like ragwort in areas such as cereals and established grassland.

**FOREFRONT T  
CONCSP013**

Forefront T is a herbicide for the control of a broad spectrum of weeds in one solution. It is not safe on clover.

**CONFEA066**

**PEL WHITE EGG**  
**CONFEA067**

**PEL WHITE HANDLE**  
**CONFEA059**

**BLUE GATE HANDLE**  
**CONFEA060**

**PEL GATE PACK**  
**CONFEA061**

Pel gate spring pack available in 5 & 8m.

**SPRING CLIP WIRE STRAINER**  
**CONFEA068**

Can be used as in line or end line strainer. Strong steel and aluminium construction.

**PEL RATCHET STRAINER**  
**CONFEA069**

Unique ratchet type end line strainer.

**INLINE STRAINER**  
**CONFEA070**

Easy to use and can be fitted anywhere on fence wire.

**GATE ANCHOR INSULATOR**  
**CONFEA071**

Galvanised 3 direction plate.

**PEL INSULTUBE**  
**CONFEA072**

Available in packs of 50/ 2m lengths or 12m lengths.

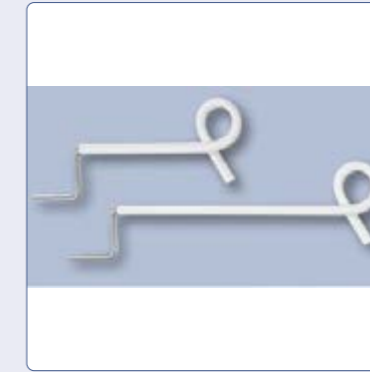

**MATADOR INSULTUBE**  
**CONFEA073**

Available in packs of 100/ 2m lengths or 20m lengths.

**MATADOR CUT OUT SWITCH**  
**CONFEA080**

Heavy duty cut out switch

**PEL STAND OFF INSULATOR**  
**CONFEA081**

Used to protect post and rail fencing.

**MATADOR STEP IN INSULATOR**  
**CONFEA082**

Used to protect post and rail fencing.

**PEL SUPER SCREW INSULATOR**  
**CONFEA074**

Twist in Screw Insulator.

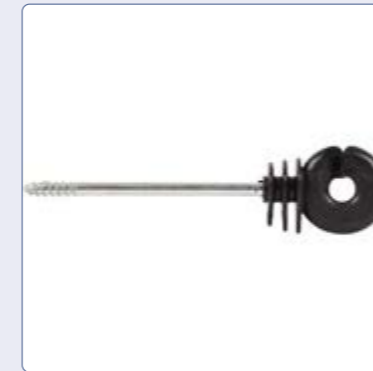

**MATADOR SUPER SCREW INSULATOR**  
**CONFEA075**

Twist in Screw Insulator.

**STRONG WOOD POST INSULATOR**  
**CONFEA076**

Heavy duty for tough conditions.

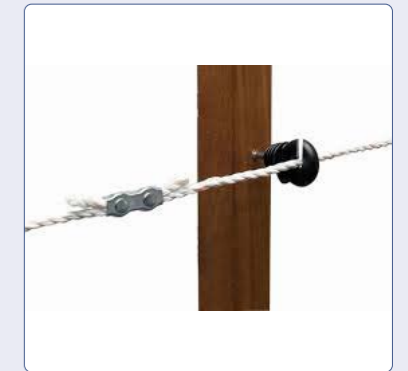

**GALLAGHER STAND OFF INSULATOR**  
**CONFEA083**

Used to protect post and rail fencing.

**MATADOR NAIL INSULATOR**  
**CONFEA084**

Stainless steel, suits polywire and wire.

**ROPE CONNECTOR**  
**CONFEA085**

Stainless steel connector for joining rope.

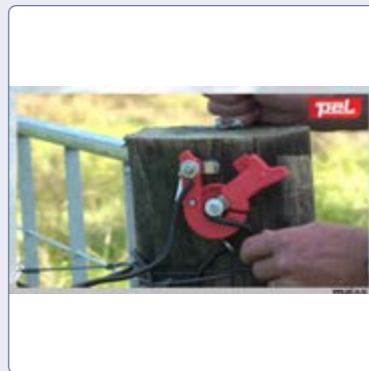

**SUPER STAPLE INSULATOR**  
**CONFEA077**

Triple lock to avoid pulling back.

**MULTI-FIT ROD POST INSULATOR**  
**CONFEA078**

Flexible design and heavy duty screw nut for a secure fit.

**PET CUT OUT SWITCH**  
**CONFEA079**

Long life stainless steel cut out switch.

**EARTH BAR & CLAMP**  
**CONFEA086**

**GRIPPLE TOOL**  
**CONFEA087**

The Gripple contractor tool is a strong and robust gripple tool designed for daily use associated with professional contract fencing. It is designed so that the user needs to use minimum effort to get maximum tension on the wire.

**GRIPPLE**  
**CONFEA088**

Medium gripples are suitable for use with high tensile wire, barbed wire, electric wire and most stock wires available.

**T-GRIPPLE**  
**CONFEA089**

Quick and easy way to tie off at the start and end of fence, ideal for awkward tight spaces giving neat professional finish.

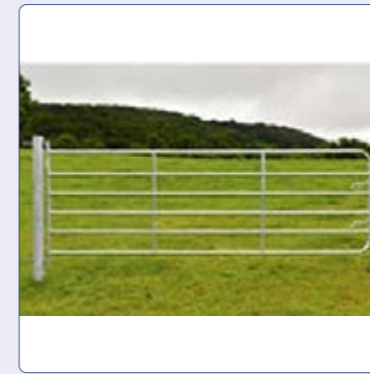

**STAPLES**  
**CONFEA090**

Galvanised Fencing Staples are ideal for nailing fencing to fencing posts or joints of timber.

**BARBED STAPLES**  
**CONFEA091**

40mm galvanised barbed staples.

**HEAVY DUTY FIELD GATE**  
**CONFEF001**

Gibney steel heavy duty field gates available in 2-20ft sizes.

**SHEEP FIELD GATE**  
**CONFEF002**

Gibney steel medium duty sheep gate available in 2-16ft sizes.

**LIGHT DUTY FIELD GATE**  
**CONFEF003**

Gibney steel light field gate available in 2-16ft sizes.

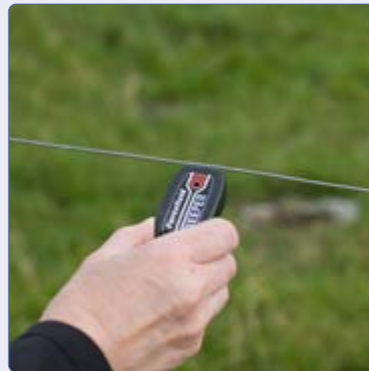

**FAULT FINDER**  
**CONFEA092**

Displays fence voltage and current flow at same time.

**FENCE TESTER**  
**CONFEA093**

Pocket size low cost fence tester.

**FENCE BEEPER**  
**CONFEA094**

Beeps to signify there is current in fence.

**MESH FIELD GATE**  
**CONFEF004**

Gibney steel fully mesg heavy gate available in 2-20ft sizes.

**HANGING POLE**  
**CONFEF005**

Heavy duty gate hanging pole.

**CLOSING POLE**  
**CONFEF006**

Heavy duty gate closing pole.

**FENCE LEADS**  
**CONFEA095**

Available with ring connector and spade connector.

**FENCING TOOL 4IN1**  
**CONFEA096**

A durable and easy to use crimping tool which crimps, cuts, strips wire and can pull staples.

Single high powered CREE LED and a focused 60mm diameter reflector combine to create an amazing white spot beam shining up to 600m with an impressive 3 hours duration.

**CLU LITE LED LAMP**  
**CONAAH033**

Our most popular rechargeable torch with a 500m beam.

**YARD SCRAPER CURVED**  
**CONAAH040**

Curved blade galvanised yard scraper with rubber.

**POINTED SHOVEL**  
**CONAAH041**

Herron Workman Pointed Shovel - 54" is a 14"x8" carbon steel pointed shovel with a 54" smooth ash handle. It is ideal for digging and shoveling, particularly in cultivated soil.

**GRAIN SHOVEL LONG HANDLE**  
**CONAAH042**

Long handled grain shovel.

**CLU LITE HEAD TORCH**  
**CONAAH034**

A different style of headlight featuring a concentrated spot beam, which gives 250m range. It is rechargeable with a super duration time of 10 hours on high beam and 20 on low beam. It has a 3-5 degree adjustable beam angle.

**DUAL SCRAPER SS7**  
**CONAAH035**

Lightweight aluminium easy to use with non-slip comfort grip handle , 26" head.

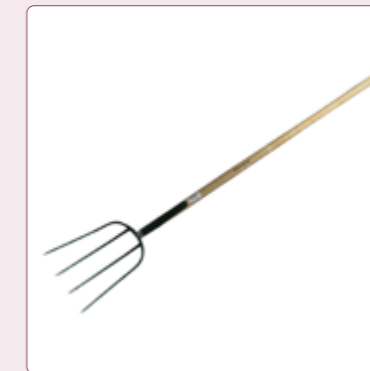

**DUAL SCRAPER SS8**  
**CONAAH036**

Lightweight aluminium easy to use with non-slip comfort grip handle , 30" head.

**GRAIN SHOVEL SHORT HANDLE**  
**CONAAH043**

Short handles grain shovel.

**FOUR PRONG FORK**  
**CONAAH044**

This four prong fork is a sturdy metal fork (Grape) with a 48" handle. It is designed to make it easier to pick up manure and is ideal for cleaning out a loose bed shed. It can also be used to pitch Hay, silage or stray.

**BET FORK**  
**CONAAH045**

Designed with the lifting and transporting of large root crops in mind.

**THREE PRONG FORK**  
**CONAAH046**

3 Prong Hay Fork (Pitch fork) is a traditional style hay fork that features a tempered steel fork and a 48 inch wooden handle. It is ideal for moving hay, straw, grass and silage.

**THREE PRONG FORK LIGHT HANDLE**  
**CONAAH047**

3 Prong Hay Fork (Pitch fork) attached with lighter version handle.

**TWO PRONG FORK**  
**CONAAH048**

2 Prong Hay Fork (Pitch fork) is a strong Hay fork with a smooth 48" ash handle perfect for pitching hay, stray, grass or silage.

**MANURE FORK**  
**CONAAH049**

Lightweight yet sturdy implement perfect for spreading manure.

**YARD BRUSH**  
**CONAAH050**

Yard Brush with wooden handle and broom head.

**SLEDGEHAMMER**  
**CONAAH051**

The Sledged Hammer is a tool with strong steel head and fiberglass handle. It has a durable texture and a great tool for demolition.

**AXE**  
**CONAAH052**

A traditional style splitter that is perfect for splitting over-sized logs.

**SLASH HOOK**  
**CONAAH053**

Perfect for clearing brash and scrub from along fence lines and other unwanted areas.

**GREEN PLASTIC WHEELBARROW**  
**CONAAH054**

100litre garden buddy green wheelbarrow.

**PURPLE PLASTIC WHEELBARROW**  
**CONAAH055**

100litre purple plastic wheelbarrow.

**GALVANISED WHEELBARROW**  
**CONAAH056**

100litre workhorse galvanised barrow.

**JFC GREEN WHEELBARROW**  
**CONAAH057**

This twin wheel wheelbarrow is tough, durable and is surprisingly lightweight and steady with its large capacity, fixed body.

**JFC BLUE TIPPER WHEELBARROW**  
**CONAAH058**

This twin wheel wheelbarrow is tough, durable and is surprisingly lightweight and steady with its large 250 litre tipping body.

**JFC PINK TIPPER WHEELBARROW**  
**CONAAH059**

This twin wheel wheelbarrow is tough, durable and is surprisingly lightweight and steady with its large 250 litre tipping body.

**JFC KIDS TIPPER WHEELBARROW**  
**CONAAH060**

Tough, durable and lightweight wheelbarrow, ideal for your little helper, 125L capacity.

**BLUE HERRON TROLLEY**  
**CONAAH061**

Multi purpose sack truck with pneumatic wheels.

**RATCHET STRAPS**  
**CONAAH062**

Heavy duty ratchet straps ideal for strapping down awkward or large loads.

**CABLE TIES**  
**CONAAH063**

Available in a range of sizes.

**CHAIN**  
**CONAAH064**

Roll of heavy duty chain which can be cut to size.

**CARBINE HOOPS**  
**CONAAH065**

**BAIT STATION**  
**CONAAH066**

Plastic bait box is perfect for outdoor or indoor use. It is designed to not allow rodents to pull the bait away to where it could be eaten by other animals such as dogs or livestock.

**SPRAYING MASK**  
**CONAAH073**

Used for protection from fine toxic particles when working.

**FARM SAFETY SIGNS**  
**CONAAH074**

A full selection of farm safety signs.

**LAND CRUISER PLATE**  
**CONAAH075**

Tow bar and hitch protection guard.

**BAIT STATION PIPE**  
**CONAAH067**

Clear feed tube for instant visibility of bait take, can be used indoors and outdoors.

**JAGUAR RAT BAIT**  
**CONAAH068**

Jaguar Rat Poison Contains the lethal rodenticide active brodifacoum. A single feed poison.

**LODI SAPPHIRE GRAIN**  
**CONAAH069**

Lodi Sapphire Grain is a single feed poison that provides a lethal dose – killing rats and mice within a few hours of consumption.

**TRAILER LIGHT SET**  
**CONAAH076**

The LED Magnetic Trailer Rear Light Set is a set of rear lights for your trailer. It comes with a 7m lead cable and a 2.5m connector cable.

**FIRST AID KIT**  
**CONAAH077**

A First Aid Kit is an essential piece of equipment on any farm or workplace. The First Aid Kit is fully HSE compliant and contains all the essentials needed for low to high risk areas of work.

**JFC MEDI-SAFE**  
**CONAAH070**

The JFC Medi-Safe is a lockable plastic cabinet perfect for storing medicines, chemicals and first-aid supplies safely and securely. The JFC Medi-Safe is fitted with 2 aluminium shelves and a lockable door.

**CHEMICAL STORAGE CABINET**  
**CONAAH071**

A secure storage cabinet for safe-guarding potentially dangerous chemicals

**SPRAYING BUDGET**  
**CONAAH072**

The Inter 16 Agro Sprayer is a high quality knapsack sprayer that is used to spread various weed killers in an industrial or domestic environment. The Inter 16 Agro Sprayer has been ergonomically designed for ease of use.

## Solar Water Pump Systems

**Need to supply water to your farm?**

**Want to increase profitability on your farm?**

**Want a simple solution with no running costs?**

- **Solar water pumps to water from any location with a water source**
- **Supplies high pressure water on demand**
- **Multi award-winning products**
- **Can also power electric fence**
- **No running costs, no bills**
- **Various models available**
- **No installation costs**

**A smarter way to supply water**

### SPS 35

The SPS35 solar powered pump can operate in any remote location, pumping water at high pressure without needing access to electricity.

- Solar powered water pump.
- Pumps water from any remote location without needing access to electricity.
- Pumps water from any river/stream/drain or well.
- No running costs - 100% solar powered.
- Supply up to 3500 litres/day.
- Pumps water up to 30m (100ft) vertically and 1.5km horizontally.
- Automatic Operation - Pressure regulated up to 40 psi.
- Can also power 12v electric fence.

### SPS 50H

The SPS50H solar powered pump can operate in any remote location, pumping water at high pressure without needing access to electricity.

- Solar powered water pump.
- Pumps water from any remote location without needing access to electricity.
- Pumps water from any river/stream/drain or well.
- No running costs - 100% solar powered.
- Supply up to 3500 litres/day.
- Pumps water up to 50m (160ft) vertically and 1.5km horizontally.
- Automatic Operation - Pressure regulated up to 80 psi.
- Can also power 12v electric fence.

### Sps 70

The SPS70 solar powered pump can operate in any remote location, pumping water at high pressure without needing access to electricity.

- Solar powered water pump.
- Pumps water from any remote location without needing access to electricity.
- Pumps water from any river/stream/drain or well.
- No running costs - 100% solar powered.
- Supply up to 7000 litres/day.
- Pumps water up to 30m (100ft) vertically and 1.5km horizontally.
- Automatic Operation - Pressure regulated up to 40 psi.
- Can also power 12v electric fence.
